introduction section for parents and instructions for each student activity are written in both English and Spanish to help parents get involved in their child's education. With quick and fun family activities, this is the perfect full color resource to set students up for a successful school year.

The Right Word Jen Bryant, 2014-09-15 Words Peter learned were powerful things. And when he put them in long neat rows, he felt as if the world itself clicked into order. For shy young Peter, Mark Roget's books were the best companions, and it wasn't long before Peter began writing his own book. But he didn't write stories; he wrote lists. Peter took his love for words and used it to organize his ideas and find exactly the right word to express just what he thought. His lists grew and grew, eventually turning into one of the most important reference books of all time. This book is an inviting, visually engrossing portrayal of Peter Mark Roget and the creation of the thesaurus. Readers of all ages will marvel at Roget's life depicted through lyrical text and brilliantly detailed illustrations. This elegant book celebrates the joy of learning and the power of words.
