Bank Of America Get Active:

Unlock your Inner Active Investor ROBERT WILLIAMSON, Active is the way to go I am a big believer and advocate for active portfolio management This style of investing often defined as the process of managing an investment portfolio with the main goal of outperforming the underlying benchmark in my view is one of the sure fire ways to attain exponential asset wealth growth Most active portfolio managers seek to outperform the S P 500 An index that tracks the broader U S stock market Opportunity can sometimes arise as a consequence of calamity Every changing of the guard every major disruption to the regular order of things can provide a unique chance to capitalize on a trend or two Investors today as a result of the rise of cryptocurrencies social media powered investing low interest rates and access to liquidity have numerous paths to wealth creation One can in these times of ample liquidity and 0 stock trades inexpensively helm a vast collection of quality investment assets As Retail Investors we have come to reject the old adage of simply investing in indexed funds holding them and reaping whatever rewards the market hands us by the end of a year three years or five years Investors today have access to the same research and trading tools previously only attainable by deep pocketed hedge funds and other institutional players If the Wallstreetbets crowd has taught us one thing over the past year it is that one should never underestimate the power held by a group of passionate committed everyday folks We have learned to remain vigilant and diligent ready to pounce on any and every potentially market beating opportunity we can find We must all learn to tap into our inner Active investor
