

BANK OF AMERICA

Bank Of America Robbery

William J. Rehder, Gordon Dillow

Bank Of America Robbery:

A History of Heists Jerry Clark, Ed Palattella, 2015-07-09 No crime is as synonymous with America as bank robbery. Though the number of bank robberies nationwide has declined, bank robbery continues to captivate the public and jeopardize the safety of banks and their employees. In *A History of Heists*, Jerry Clark and Ed Palattella explore how bank robbers have influenced American culture as much as they have reflected it. Jesse James, Butch Cassidy, Bonnie and Clyde, John Dillinger, Willie Sutton, and Patty Hearst are among the most famous figures in the history of crime in the United States. Jesse James used his training as a Confederate guerrilla to make bank robbery a political act. John Dillinger capitalized on the public's scorn of banks during the Great Depression and became America's first Public Enemy Number One. When she held up a bank with the leftist Symbionese Liberation Army, Patty Hearst fueled the country's social unrest. Jerry Clark and Ed Palattella delve into the backgrounds and motivations of the robbers and explore how they are as complex as the nation whose banks they have plundered. But as much as the story of bank robbery in America focuses on the thieves, it is also a story of those who investigate the heists. As bank robbers became more sophisticated, so did the police. The Federal Bureau of Investigation and other law enforcement agencies. This captivating history shows how bank robbery shaped the modern FBI and how it continues to cultivate America's fascination with the noble outlaw bandits, seen rightly or wrongly as battling unjust authority.

Blaggers Inc - Britain's Biggest Armed Robberies Terry Smith, 2012-04-19 From piracy on the high seas to the recent Securitas depot robbery in Kent, Britain has a long and inglorious tradition of armed robbery as a way of life. In this uniquely compelling history, reformed career criminal Terry Smith brings the benefit of hard-won wisdom to his analysis of all the major cases. Casting a sharp eye over both the dangerously devil-may-care blagger and the more organised professional villain, he brings an insider's point of view to the most high-profile armed robberies of the past 50 years. Each chapter has a full and comprehensive account of the robbery in the words of those who participated in it, including some exclusive interview material, the media, police, and court records, starting from the initial spark through to the planning, organisation, and execution of the crime, and how it came to be solved by law enforcement. **King of Heists** J. North Conway, 2010-09 Examines how criminal mastermind George Leonidas Leslie planned and executed a bank robbery at the Manhattan Savings Institution in 1878 and stole nearly three million dollars in cash and securities. *Hearings* United States. Congress. House. Committee on Banking and Currency, 1968 Where the Money is William J. Rehder, Gordon Dillow, 2003 Shares bizarre stories from the annals of bank robbery, including the tale of a Dickensian thief who made children stick up banks for him and a mild-mannered antiques dealer who holds the record for the most number of banks robbed. **Fugitives Wanted by Police**, 1935 California. Court of Appeal (1st Appellate District). Records and Briefs California (State)., **Protection, Security, and Safeguards** Dale L. June, 2000-06-28 Our need for security has not waned since the dawn of civilization; it has only increased and become more complicated. *Protection, Security, and Safeguards: Practical Approaches and Perspectives*

draws on the security prowess of former secret service agents and other notable security professionals as the authors touch on nearly every facet of the industry Written to satisfy the practical needs of anyone in the business of protection the text covers areas such as personal protection security in the workplace residence security healthcare security aviation security and many more Special chapters detailing the experiences of an identity theft victim as well as a woman who must employ 24 hour security to insure she doesn't harm others cover security issues from the client's viewpoint Other chapters on quick threat assessment and defensive tactics will help agents protect themselves and their clients Although other publications discuss and analyze security none focus on both the professional and personal perspectives of this critical industry Editor Dale L June shares his vast knowledge and lucid insight into the business of protection A former U S Secret Service agent in the Presidential Protection Division he also worked with the U S Customs Service as a terrorism intelligence specialist and was a former police officer He has more than 30 years experience in various fields of protection and security including owning and operating an executive protection and security consulting business He teaches university courses as well as security related topics at private vocational academies

Security Measures for Financial Institutions United States Congress. House. Banking and Currency Committee, 1968
