The Dark Dictionary Andrew Kendall, 2017-07-20 There is no guarantee that the lives we lead will be easy and our unique stories both our inner and outer worlds are shaped by our perceptions But what happens when our self defeating behaviors begin to take a toll on our lives on these perceptions What happens when we forget that our identities are not products of our mind or what we're going through And when we're trapped in this endless cycle of misery and negativity we find ourselves settling for lackluster lives so how do we instead choose to redefine our lives and embrace a world filled with vitality and color In The Dark Dictionary author Andrew Kendall explores his own personal journey through the self one that began in darkness but is now paved with self discovery and improvement From A to Z The Dark Dictionary is about transforming the definitions in our lives into the ones we've always imagined living by But it starts

first with releasing ourselves from the very grip that more often than not keeps us stuck anxiety fear victimization poor choices unhappiness and toxic relationships With new definitions of these concepts new perceptions give rise to new lives For all those both seeking and willing to shed a little light on their darkness this personal yet universal journey can transform a world of darkness into a world of optimism gratitude happiness and abundance And by applying the knowledge within you'll realize that the keys to success and happiness were qualities you already possessed that just needed to be brought to light with the power of your thoughts
