A Natural History Of Homosexuality:

A Natural History of Homosexuality Francis Mark Mondimore, 1996-10-30 Selected by Choice Magazine as an Outstanding Academic Title A terrible sin a gift from the gods a mental illness a natural human variation over the centuries people have defined homosexuality in all of these ways Since the word homosexual was coined in 1869 many scientists in a variety of fields have sought to understand same sex intimacy Drawing on recent insights in biology and genetics psychiatrist Francis Mondimore set out to explore the complex landscape of sexual orientation The result is *A Natural History of Homosexuality* a generous work that synthesizes research in biology history psychology and politics to explain how homosexuality has been understood and defined from ancient times until the present Mondimore narrates tales of love and courage as well as discrimination and bigotry in settings as diverse as ancient Greece and Victorian England early America and fin de siecle Vienna He also tells fascinating stories about societies which accepted incorporated or institutionalized homosexuality into mainstream culture stories illustrating that same sex eroticism was often accepted as a normal aspect of human sexuality In twentieth century America researchers first recognized that homosexuality might not be pathological when Alfred Kinsey and Evelyn Hooker conducted the first studies of sexuality not biased by preconceived notions of normal sexual behavior After exploring sexual development in the human fetus Mondimore reviews current biological research into the nature of sexual orientation and examines recent scientific findings on the role of heredity and hormones as well as Simon LeVay's 1991 brain studies He then turns to a very important focus on people and their individual experiences He explores what happens between childhood and adulthood in an individual that makes him or her come to identify himself or herself as having a sexual orientation He also explains our current understanding of bisexuality and the transgender phenomena of transsexualism and transvestism Finally Mondimore analyzes the circumstances of such prominent scandals as the anti homosexual trials of Oscar Wilde and Philip von Eulenberg and recounts the Nazi persecution of homosexuals during the Holocaust This far reaching discussion includes a description of the ex gay ministries and reparative therapy as well as the Stonewall riots and AIDS ending with the emergence of gay pride and community

A Natural History of Homosexuality Francis Mark Mondimore, 1996-10-30 And he focuses on the process by which individuals come to identify themselves as homosexual the sensitivity of children to their own sexual identities and the psychological effects of the stigmatization of homosexuality on adolescents

How to Build LGBTQ+ Inclusive Workplaces Binna Kandola, Ashley Williams, 2025-03-25 Bringing together the latest research with practical insights from the authors professional experience this important book provides a context for the conversations that are needed within organisations and offers practical guidance towards action that can be taken to improve the working life of LGBTQ employees The book begins by asking how we got here It outlines the development of stigma towards the LGBTQ community from both a historical and psychological perspective before going on to explore the ways in which societal attitudes manifest in the work environment It then looks

specifically at LGBTQ experiences in the workplace covering discrimination and exclusion and their impact at both an individual and organisational level before taking an intersectional view of LGBTQ identity and particularly how it interacts with race disability and age The book then provides clear and practical guidance on how to build an LGBTQ inclusive workplace covering organisational policy and culture leadership and allyship Throughout the authors use case studies to demonstrate how to implement policies across a range of regions and offer strategies to minimise homophobic and discriminatory attitudes Taking a psychological approach to this important topic the book is essential reading for all those looking to build and sustain welcoming and inclusive workplaces across all sectors It will also be of interest to students in psychology management and human resources studying workplace attitudes and culture Homosexuality and Religion

Jeffrey S. Siker, 2006-11-30 Few issues today cause more public and private debate than the interaction of homosexuality and religion From the question of gay marriage to the place of gays and lesbians within faith communities religious leaders and lay members must deal with these issues for now and for years to come What is the historical position of the major denominations How are people of faith balancing their beliefs This encyclopedia provides an overview of the various attitudes and responses that religions have had to the presence of gay lesbian bisexual and transgendered persons within their communities This is the most comprehensive volume to date on the intersections between religion and homosexuality

Handbook of the Evolution of Human Sexuality Michael R. Kauth, 2013-01-11 Expand your knowledge with theories and concepts that may challenge your assumptions about sexual attraction Human sexuality can be better understood by knowing how sexual psychologies may have evolved throughout the ages Handbook of the Evolution of Human Sexuality presents a detailed examination of human sexuality the assumptions about concepts and terms pertaining to sexuality and the latest theories on the evolution of human sexual attraction Leading experts explore various aspects of evolutionary theory with a focus on Evolutionary Psychology EP Discussions include mate preferences mating behavior mate signaling pheromones and same sex attraction This comprehensive source also presents three groundbreaking theories of the evolution of same sex attraction Handbook of the Evolution of Human Sexuality takes current assumptions about human sexuality explains each in turn and then offers fresh perspectives on conventional concepts of sexual orientation This extensive resource provides ample evidence to argue that researchers should investigate sexual relationships based on a person's characteristics such as personal traits complementary roles status sexual acts or situational context rather than simply the sex of the partner The book provides a discussion of evolutionary theory evolution of human sexual culture evolution of sexual pleasure and detailed analysis of assumptions about sexual orientation The text is carefully referenced Some of the topics explored by Handbook of the Evolution of Human Sexuality include links to non human primate sexual behaviors and the emergence of human sexual nature EP research on consensual adult human sexual behaviors studies of evolved male and female mating strategies mate preferences and sexual psychologies a brief history of the theory of
