The Flitting: A Memoir of Fathers, Sons, and Butterflies Ben Masters, 2024-10-01 A book with wings Ali Smith A deeply felt and moving memoir about how butterflies become a vital connection between a son and his dying father The Flitting A Memoir of Fathers Sons and Butterflies is a masterful and touching memoir blending natural history pop culture and literary biography delivering a richly layered and nuanced portrait of a son's attempt after years of stubborn resistance to take on his dying father's love of the natural world With his father unable to leave the house and follow the butterfly cycle for the first time since he was a child Masters endeavors to become his connection to the outdoors and his treasured butterflies reporting back with stories of beloved species Purple Emperors Lulworth Skippers Wood Whites and Silver studded Blues and with stories of the woods and meadows that are their habitats and once were his Structured around a series of exchanges and remembrances butterflies become a way of talking about masculinity memory generational differences and ultimately loss and continuation Masters takes readers on an unlikely journey where Luther Vandross and The Sopranos rub shoulders with the likes of Angela Carter and Virginia Woolf on butterflies and gender the metamorphoses of Prince Zadie Smith on Joni Mitchell and how sensibilities evolve and the lives and works of Vladimir Nabokov and other literary lepidopterists In this beautiful debut memoir Ben Masters offers an intensely authentic unforgettable portrait of a father and son sharing passions lessons and regrets before they run out of time **Whitaker's Books in Print**, 1998 *The Sociology of Boredom* Mariusz Finkielstein, 2025-06-16 A pioneering sociological exploration of boredom as a culturally and socially dependent emotion Does boredom have a history What can hunter gatherers teach us about boredom Is boredom experienced differently by those in different socio economic classes Is boredom a disease that is now globalized in a world of inequalities and marginalization Does boredom contribute to political movements wars terrorism or cultural revolutions What does boredom have to do with power How do high expectations contribute to being recurrently bored In *The Sociology of Boredom* Mariusz Finkielstein provides a new approach to conceptualizing interpreting and perceiving one of the most widespread yet neglected human emotions Investigating boredom at both the macro and micro sociological level Finkielstein develops an original relational expectational theory as he explores boredom through the lenses of different social structure theories interactionist theory historical sociology sociology of emotions essentialism and constructivism and social anthropology Eight in depth chapters examine the social production of boredom in modernity and late modernity addressing topics such as the boredom of marginalized groups the concepts of busy boredom and consumer boredom the characteristics and consequences of workplace boredom the notion of smart boredom in the information society and more Containing detailed analyses of the nature of boredom and its connections to various spheres of social life *The Sociology of Boredom* is essential reading for advanced undergraduates postgraduates university lecturers and academic researchers in sociology and similar disciplines particularly those involved in studies on emotions or boredom studies **Yemen Endures** Ginny Hill, 2017 The war in

Yemen is finally coming under scrutiny as the West considers its controversial dealings with Saudi Arabia **Durrell and the City** Donald P. Kaczvinsky, 2012 Durrell and the City commemorates the fiftieth anniversary of the publication of The Alexandria Quartet with a collection of fourteen new essays by a group of international scholars and critics The collection provides a critical consideration of Durrell's urban landscapes from the London of his early novels to Avignon during World War II in his last great series while focusing on the place that made him famous the city of Alexandria in order to provide a reassessment of his career and achievement **The Image of Manhood in Early Modern Literature** Andrew P.

Williams, 1999-04-30 The numerous and multifaceted ways in which masculinities emerge and are expressed within cultures prompt a broad ranging examination and reconsideration of what it means to be a man Within the study of masculinity the early modern period stands between the Renaissance when conceptions of manhood were primarily dominated by chivalric and humanistic traditions and the latter half of the 18th century which marked the beginnings of modern conceptions of masculine identity But rather than a transitional period the early modern era was a key moment in the evolutionary dynamics of masculine representation Political forces such as the Puritan revolution the Restoration and the shift in power from the courtier class to the growing middle class forced a reconsideration of the masculine ideal in light of the experiences of the masses At the same time the emergence of print culture provided a means of transmitting the new masculine ideal and literature of the period reflected the changing notions of masculinity The chapters in this volume explore the various strategies used by early modern writers to represent masculinity Together the expert contributors offer a broad perspective on the social and political dynamics of early modern masculine identity Included are chapters on such writers as Thomas Carew Andrew Marvell Francis Beaumont and John Fletcher John Dryden Daniel Defoe and Samuel Richardson Though incorporating a variety of critical approaches the contributors all explore the inherent anxiety associated with masculinity and its representation The chapters demonstrate how significant literary texts of the period provided not only idealized images of early modern manhood but also contesting ones By focusing on the literary historical and social dynamics which construct cultural perceptions of masculinity this volume ultimately illustrates the literary representation of manhood in the early modern period to be a dynamic and evolving process which often challenged Western notions of what it means to be a man The Importance of Being Furnished R. Tripp Evans, 2024-06-04 Enter the private world of four New England

bachelors men who transformed their homes now all public museums into personal artistic statements Exploring the lives of four bachelor designers The Importance of Being Furnished Four Bachelors at Home invites readers into the private worlds they created Spanning the Gilded to the Jazz Age these fascinating interiors not only reflect the intimate lives of their owners men whose personal stories have until now remained in the shadows but they serve as monuments to the Queer shaping of the American home as we know it today Meet Charles Leonard Pendleton 1846 1904 the reclusive gambler who built one of the greatest furniture collections of his age all for a house ultimately built on sand Explore the aristocratic interiors of

renowned interior decorator Ogden Codman Jr 1863 1951 whose ancestral home served as a laboratory for his enormously successful 1897 manifesto *The Decoration of Houses* even as it transmitted his forebears vices Join the literary salon of writer Charles H Gibson Jr 1874 1954 who made his Boston home a monument to personal ambition and his own once heralded beauty all while transforming himself into a campy caricature of his own Boston Brahmin class And last fall under the spell of Henry Davis Sleeper 1878 1934 the nationally recognized decorator who created his fifty room seaside masterpiece Beauport for the love of the man next door Fully illustrated with color plates and period photographs this book pays tribute to Oscar Wilde s gospel of beauty a cause these men promoted in a dazzling range of styles By turns poignant outrageous and inspiring the stories of these surprisingly domestic bachelors as the press dubbed them reveal the complicated depths beneath their homes brilliant surfaces

The Cultural Career of Coolness Ulla Haselstein, Irmela Hijiya-Kirschner, Catrin Gersdorf, Elena Giannoulis, 2013-10-10 Cool is a word of American English that has been integrated into the vocabulary of numerous languages around the globe Today it is a term most often used in advertising trendy commodities or more generally in promoting urban lifestyles in our postmodern age But what is the history of the term cool When has coolness come to be associated with certain modes of contemporary self fashioning On what grounds do certain nations claim a privilege to be recognized as cool These are some of the questions that served as a starting point for a

comparative cultural inquiry which brought together specialists from American Studies and Japanese Studies but also from Classics Philosophy and Sociology The conceptual grid of the volume can be described as follows 1 Coolness is a metaphorical term for affect control It is tied in with cultural discourses on the emotions and the norms of their public display and with gendered cultural practices of subjectivity 2 In the course of the cultural transformations of modernity the term acquired new importance as a concept referring to practices of individual ethnic and national difference 3 Depending on cultural context coolness is defined in terms of aesthetic detachment and self irony of withdrawal dissidence and even latent rebellion 4 Coolness often carries undertones of ambivalence The situational adequacy of cool behavior becomes an issue for contending ethical and aesthetic discourses since an ethical ideal of self control and a strategy of performing self control are inextricably intertwined 5 In literature and film coolness as a character trait is portrayed as a personal strength as a lack of emotion as an effect of trauma as a mask for suffering or rage as precious behavior or as savvy This wide spectrum is significant artistic productions offer valid insights into contradictions of cultural discourses on affect control 6 American and Japanese cultural productions show that twentieth century notions of coolness hybridize different cultural traditions of affect control

The Hollywood Motion Picture Blacklist Larry Ceplair, 2022-09-06 Seventy five years ago the Hollywood blacklist ruined lives stifled creativity and sent waves of proscription and censorship throughout United States culture When the Hollywood Ten refused to answer the questions of the House Committee on Un American Activities about their membership in the Communist Party they were sentenced to prison the five who were under contract were fired by their studios and all were blacklisted from reemployment until they purged themselves of their communist taint By the 1950s this blacklist publicly stigmatized nearly three hundred other Americans in the entertainment industry who invoked the First and Fifth Amendments in their refusal to apologize for their Communist ties or provide the names of other members Dozens of others were graylisted as the result of rumors The Hollywood Motion Picture Blacklist Seventy Five Years Later offers new insights on the origins of the blacklist the characteristics of those blacklisted and the probability of future proscriptions of the blacklist type Author Larry Ceplair draws on previously published work while introducing new material to vigorously recount the events that took place between the US government Hollywood unions and motion picture studios Ceplair thoroughly examines the role of Jewish identity in many anti communist efforts a concept that has never been fully examined by scholars and analyzes the actions of subpoenaed witnesses who were forced to choose between cooperating with the House Committee or joining the blacklist This fascinating book is an illuminating examination of a dark period in American history and the fragility of our rights to free speech and due process
