Wise Guy Guy Kawasaki, 2019-02-26 Silicon Valley icon and bestselling author Guy Kawasaki shares the unlikely stories of his life and the lessons we can draw from them Guy Kawasaki has been a fixture in the tech world since he was part of Apple s original Macintosh team in the 1980s He s widely respected as a source

of wisdom about entrepreneurship venture capital marketing and business evangelism which he's shared in bestselling books such as *The Art of the Start* and *Enchantment*. But before all that he was just a middle class kid in Hawaii a grandson of Japanese immigrants who loved football and got a C in 9th grade English. *Wise Guy* his most personal book is about his surprising journey. It's not a traditional memoir but a series of vignettes. He toyed with calling it *Miso Soup for the Soul* because these stories like those in the *Chicken Soup* series reflect a wide range of experiences that have enlightened and inspired him. For instance you'll follow Guy as he gets his first real job in the jewelry business which turned out to be surprisingly useful training for the tech world. Disparages one of Apple's potential partners in front of that company's CEO at the sneaky instigation of Steve Jobs. Blows up his Apple career with a single sentence after Jobs withholds a pre release copy of the Think Different ad campaign. That's okay Steve I don't trust you either. Reevaluates his self importance after being mistaken for Jackie Chan by four young women. Takes up surfing at age 62 which teaches him that you can discover a new passion at any age but younger is easier. Guy covers everything from moral values to business skills to parenting. As he writes I hope my stories help you live a more joyous productive and meaningful life. If *Wise Guy* succeeds at this then that's the best story of all.
