

ARATOR

*Being a Series of
Agricultural Essays, Practical and Political.
In Sixty-Four Numbers*

Edited and with an Introduction by M. E. Bradford

John Taylor

Arator Being A Series Of Agricultural E

B Lingard

Arator Being A Series Of Agricultural E:

Arator John Taylor,1840 Arator John Taylor,1814 **Arator, Being a Series of Agricultural Essays, Practical and Political** John Taylor,1818 **In Old Virginia** Claudia L. Bushman,2002 Walker humbly referred to himself as a poor illiterate worm but his diary dramatically captures the life of a small planter in antebellum Virginia **Arator; being a series of agricultural essays, practical & political: in sixty one numbers. By a citizen of Virginia [i.e. John Taylor].** ,1813 **Arator : being a series of agricultural essays, practical & political: in sixty-four numbers** John Taylor,1970

Tyranny Unmasked John Taylor,2005-09-01 John Taylor of Caroline 1753 1824 was one of the foremost philosophers of the States rights Jeffersonians of the early national period In keeping with his lifelong mission as a minority man John Taylor wrote *Tyranny Unmasked* not only to assault the protective tariff and the mercantilist policies of the times but also to examine general principles in relation to commerce political economy and a free government Originally published in 1822 it is the only major work of Taylor s that has never before been reprinted As an early discussion of the principles of governmental power and their relationship to political economy and liberty *Tyranny Unmasked* is an important primary source in the study of American history and political thought F Thornton Miller is Professor of History at Southwest Missouri State University **The Emergence of Capitalism in Early America** Christopher W. Calvo,2023-10-10 Due to the enormous influence of Adam Smith s *The Wealth of Nations* on Western liberal economics a tradition closely linked to the United States many scholars assume that early American economists were committed to Smith s ideas of free trade and small government Debunking this belief Christopher W Calvo provides a comprehensive history of the nation s economic thought from 1790 to 1860 tracing the development of a uniquely American understanding of capitalism *The Emergence of Capitalism in Early America* shows how American economists challenged adjusted and adopted the ideas of European thinkers such as Adam Smith David Ricardo and Thomas Malthus to suit their particular interests Calvo not only explains the divisions between American free trade and the version put forward by Smith but he also discusses the sharp differences between northern and southern liberal economists Emergent capitalism fostered a dynamic discourse in early America including a homegrown version of socialism burgeoning in antebellum industrial quarters as well as a reactionary brand of conservative economic thought circulating on slave plantations across the Old South This volume also traces the origins and rise of nineteenth century protectionism a system that Calvo views as the most authentic expression of American political economy Finally Calvo examines early Americans awkward relationship with capitalism s most complex institution finance Grounded in the economic debates Atlantic conversations political milieu and material realities of the antebellum era this book demonstrates that American thinkers fused different economic models assumptions and interests into a unique hybrid capitalist system that shaped the trajectory of the nation s economy British Museum Catalogue of printed Books ,1881

Taking Root James Everett Kibler, Jr.,2017-06-27 Collected essays by two of America s earliest environmental authors

retain relevance today William Summer founded the renowned Pomaria Nursery which thrived from the 1840s to the 1870s in central South Carolina and became the center of a bustling town that today bears its name The nursery grew into one of the most important American nurseries of the antebellum period offering wide varieties of fruit trees and ornamentals to gardeners throughout the South Summer also published catalogs containing well selected and thoroughly tested varieties of plants and assisted his brother Adam in publishing several agricultural journals throughout the 1850s until 1862 In *Taking Root* James Everett Kibler Jr collects for the first time the nature writing of William and Adam Summer two of America's earliest environmental authors Their essays on sustainable farm practices reforestation local food production soil regeneration and respect for Mother Earth have surprising relevance today The Summer brothers owned farms in Newberry and Lexington Counties where they created veritable experimental stations for plants adapted to the southern climate At its peak the nursery offered more than one thousand varieties of apples pears peaches plums figs apricots and grapes developed and chosen specifically for the southern climate as well as offering an equal number of ornamentals including four hundred varieties of repeat blooming roses The brothers experimented with and reported on sustainable farm practices reforestation land reclamation soil regeneration crop diversity rather than the prevalent cotton monoculture and animal breeds accustomed to hot climates from Carolina to Central Florida Written over a span of two decades their essays offer an impressive environmental ethic By 1860 Adam had concluded that a person's treatment of nature is a moral issue Sustainability and long term goals rather than get rich quick schemes were key to this philosophy The brothers' keen interest in literature is evident in the quality of their writing their essays and sketches are always readable sometimes poetic and occasionally humorous and satiric A representative sampling of their more than six hundred articles appear in this volume

This Captivating World of Kindle Books: A Detailed Guide Unveiling the Advantages of Kindle Books: A Realm of Ease and Flexibility E-book books, with their inherent mobility and simplicity of access, have freed readers from the constraints of physical books. Gone are the days of lugging cumbersome novels or meticulously searching for particular titles in bookstores.
