Black Hollywood Unchained Ishmael Reed, 2015 A group of scholars critics intellectuals and artists examine and respond to the contemporary portrayals of Blacks in films Using the 2012 release of the film *Django Unchained* as the focal point of much of the discussion these essays and reviews provide a critical perspective on the challenges facing filmmakers and actors when confronted with issues on race and the historical portrayal of African American characters Reed also addresses the Black community's perceptiveness as discerning and responsible consumers of film theatre art and music *Black Hollywood* Kimberly Fain, 2015-06-30 This thought provoking work examines the dehumanizing depictions of black males in the movies since 1910 analyzing images that were once imposed on black men and are now appropriated and manipulated by them Moving through cinematic history decade by decade since 1910 this important volume explores the appropriation exploitation and agency of black performers in Hollywood by looking at the black actors directors and producers who have shaped the image of African American males in film To determine how these archetypes differentiate African American males in the public's subconscious the book asks probing questions for example whether these images are a reflection of society's fears or realistic depictions of a pluralistic America Even as the work acknowledges the controversial history of black representation in film it also celebrates the success stories of blacks in the industry It shows how blacks in Hollywood manipulate degrading stereotypes gain control advance their careers and earn money while making social statements or bringing about changes in culture It discusses how social activist performers such as Paul Robeson Sidney Poitier Harry Belafonte and Spike Lee reflect political and social movements in their movies and it reviews the interactions between black actors and their white counterparts to analyze how black males express their heritage individual identity and social issues through film **Black Movements** Soyica Diggs Colbert, 2017-04-28 *Black Movements* analyzes how artists and activists of recent decades reference earlier freedom movements in order to imagine and produce a more expansive and inclusive democracy The post Jim Crow post apartheid postcolonial era has ushered in a purportedly color blind society and along with it an assault on race based forms of knowledge production and coalition formation Soyica Diggs Colbert argues that in the late twentieth century race went underground and by the twenty first century race no longer functioned as an explicit marker of second class citizenship The subterranean nature of race manifests itself in discussions of the Trayvon Martin shooting that focus on his hoodie an object of clothing that anyone can choose to wear rather than focusing on structural racism in discussions of the epidemic proportions of incarcerated black and brown people that highlight the individual's poor decision making rather than the criminalization of blackness in evaluations of black independence struggles in the Caribbean and Africa that allege these movements have accomplished little more than creating a black ruling class that mirrors the politics of its former white counterpart *Black Movements* intervenes in these discussions by highlighting the ways in which artists draw from the past to create coherence about blackness in present and future worlds Through an exploration of the way that

black movements create circuits connecting people across space and time Black Movements offers important interventions into performance literary diaspora and African American studies

Shaping the Future of African American Film

Monica White Ndounou, 2014-04-29 In Hollywood we hear it s all about the money It s a ready explanation for why so few black films get made no crossover appeal no promise of a big payoff But what if the money itself is color coded What if the economics that governs film production is so skewed that no film by about or for people of color will ever look like a worthy investment unless it follows specific racial or gender patterns This Monica Ndounou shows us is precisely the case In a work as revealing about the culture of filmmaking as it is about the distorted economics of African American film Ndounou clearly traces the insidious connections between history content and cash in black films How does history come into it Hollywood s reliance on past performance as a measure of potential success virtually guarantees that historically underrepresented underfunded and undersold African American films devalue the future prospects of black films So the cycle continues as it has for nearly a century Behind the scenes the numbers are far from neutral Analyzing the onscreen narratives and off screen circumstances behind nearly two thousand films featuring African Americans in leading and supporting roles including such recent productions as Bamboozled Beloved and Tyler Perry s Diary of a Mad Black Woman Ndounou exposes the cultural and racial constraints that limit not just the production but also the expression and creative freedom of black films Her wide ranging analysis reaches into questions of literature language speech and dialect film images and narrative acting theater and film business practices production history and financing and organizational history By uncovering the ideology behind profit driven industry practices that reshape narratives by about and for people of color this provocative work brings to light existing limitations and possibilities for reworking stories and business practices in theater literature and film

Race on the QT Adilifu Nama, 2015-04-15 Known for their violence and prolific profanity including free use of the n word the films of Quentin Tarantino like the director himself chronically blurt out in polite company what is extremely problematic even when deliberated in private Consequently there is an uncomfortable and often awkward frankness associated with virtually all of Tarantino s films particularly when it comes to race and blackness Yet beyond the debate over whether Tarantino is or is not racist is the fact that his films effectively articulate racial anxieties circulating in American society as they engage longstanding racial discourses and hint at emerging trends This radical racial politics always present in Tarantino s films but kept very much on the quiet is the subject of Race on the QT Adilifu Nama concisely deconstructs and reassembles the racial dynamics woven into Reservoir Dogs True Romance Pulp Fiction Jackie Brown Kill Bill Vol 1 Kill Bill Vol 2 Death Proof Inglourious Basterds and Django Unchained as they relate to historical and current racial issues in

America Nama s eclectic fusion of cultural criticism and film analysis looks beyond the director s personal racial attitudes and focuses on what Tarantino s filmic body of work has said and is saying about race in America symbolically metaphorically literally impolitely cynically sarcastically crudely controversially and brilliantly The Cinema of Quentin Tarantino Kieran Fisher,Andrew J. Rausch,2025-05-16 Quentin Tarantino is one of the most influential filmmakers to emerge in the last half century His films have been both critically acclaimed and embraced by audiences With an oeuvre that includes such iconic films as Reservoir Dogs Pulp Fiction Jackie Brown Kill Bill Volumes 1 2 Inglourious Basterds Django Unchained and Once Upon a Time in Hollywood among others Tarantino s work has had a significant impact on popular culture with his work frequently being quoted imitated and cited in films on television and in literature Over the span of Tarantino s career critics and scholars have studied and debated the methods artistry and legitimacy of his work This book of original essays assembles a range of critical thought observation and debate about the importance of these films the underlying themes found within them their historical significance and Tarantino s artistic methods These essays employ new perspectives while building on the insights of previous studies Topics include Tarantino s approach to subject matter involving race Tarantino s use of pastiche as a form of adaptation the significance of the appearance of feet in the films and an examination of Tarantino s reworking of Elmore Leonard s novel Rum Punch in his film Jackie Brown
