Imagination and the Middle Passage Maria Diedrich, Henry Louis Gates, Carl Pedersen, 1999-10-21 This volume of essays examines the forced dispossession of the Middle Passage through the texts religious rites economic exchanges dance and music it elicited both on the liminal transatlantic journey and on the continent and eventual return *Pleasure Erased*

Catherine Malabou, 2022-06-24 The clitoris was absent in anatomy books in paintings and sculptures absent in spirit and even body it has long been the organ of erased pleasure We assume that this oversight has been repaired in our times today the clitoris is not forgotten but honoured Conferences books manifestos works of art are all devoted to it The autonomy of clitoral jouissance is recognized The boundaries of feminism have also moved queer intersex and trans approaches claim that the clitoris is perhaps no longer the exclusive preserve of the woman And yet there remains a wounded space Because genital mutilation is still common practice Because millions of women are still denied pleasure The clitoris continues to mark the enigmatic space of the feminine Constrained by the extreme difficulty and the extreme urgency of returning to this scorched earth it is time to give voice to an organ of pleasure which has still not become an organ of thought **The Cambridge**

Companion to the Harlem Renaissance George Hutchinson, 2007-06-14 This 2007 Companion is a comprehensive guide to the key authors and works of the African American literary movement **Ecology, Spirituality, and Cosmology in**

Edwidge Danticat Joyce White, 2022-10-28 Ecology Spirituality and Cosmology in Edwidge Danticat Crossroads as Ritual employs nature literary tradition and the cosmogram to examine Danticat's fiction as textual sites imbued with ritual and conducive for healing and clarifying Africana diasporic consciousness Monuments of the Black Atlantic Joanne M.

Braxton, 2004 With Aldon Nielson the editors of this volume agree that the middle passage may be the great repressed signifier of American historical consciousness The essays collected here illustrate that the repressed memory of crossing lives not only in the academy in oral traditions and in the stone walls of slave fortresses but in the liturgy as well as the spiritual and religious practices throughout the African Diaspora Descendants of African slaves living in the wide Diaspora are bearers of an unforgetful strength that endures and endures manifesting itself in every aspect of culture Black writers artists and musicians in the New World have tested the limits of cultural memory finding in it the inspiration to speak the unspeakable *Middle Passages and the Healing Place of History* Elizabeth Brown-Guillory, 2006 Middle Passages and the Healing Place of History Migration and Identity in Black Women's Literature brings together a series of essays addressing black women's fragmented identities and quests for wholeness The individual essays concern culturally specific experiences of blacks in select African countries England the Caribbean the United States and Canada They examine identity struggles by

establishing the Middle Passage as the first site of identity rupture and the subsequent break from cultural and historical moorings. In most cases the authors themselves have migrated from their places of origin to new spaces that present challenges. Their narratives replicate the displacement engendered by their own experiences of living with the complexities of diasporic existence. Their female characters, many of whom participate in multiple border crossings, work to define themselves within a hostile environment. In nearly every essay the female characters struggle against multiple yokes of oppression, giving voice to what it means to be black female, poor, old, and alone. The subjects' migrations and journeys are analyzed as attempts to heal the displacement, both physical and psychological, that results from dislocation and relocation from the homeland, imagined variously as Africa. This volume reveals that black women across the globe share a common ground fraught with struggles, but the narratives bear out that these women are not easily divided and that they stand upon each other's shoulders, dispensing healing balms. Black women's history and herstory commingle the trauma that ensued when Africans were loaded onto ships in chains; this continues to haunt black women and men too wherever they find themselves in this present moment of the Diaspora.

African American Review, 1999. *Fathers across Cultures* Jaipaul L. Roopnarine, 2015-08-26. This volume offers a comprehensive up to date synopsis of fathering and father-child relationships in diverse regions of the world, helping students and practitioners alike understand cultural variations in male parenting. Interest in the role of the father and his influence on children's development and economic well-being has grown considerably. This edited volume uses detailed accounts to provide culturally situated analysis of fathering in cultures around the world. The book's contributors, a multidisciplinary group of scholars, bring together the most recent theoretical thinking and research findings on fatherhood and fathering in cultural communities across developed, recently developed, and developing societies. They address such issues as fathering and gender equality in caregiving, concepts of masculinity in contemporary societies, fathering in various ethnic groups, immigrant fathers, fathering and childhood outcomes, and social policies as they affect and are affected by issues related to fathering. Organized geographically, the book scrutinizes major sociocultural, demographic, economic, and other factors that influence men's relationships within families. It shows how economic conditions impact men's involvement with children and considers the effects of ideological belief systems and views of spousal/partner roles and responsibilities. The analysis is underpinned by recent data that underscores the significance of fathers' involvement with and investment in the well-being of their children.
