Journeyman's Road Adam Gussow, 2007. *Journeyman's Road* offers a bold new vision of where the blues have been in the course of the twentieth century and what they have become at the dawn of the new millennium: a world music rippling with postmodern contradictions. Author Adam Gussow brings a unique perspective to this exploration. Not just an award-winning scholar and memoirist, he is an accomplished blues harmonica player, a Grammy award nominee and veteran of the international club and festival circuit. With this unusual depth of experience, Gussow skillfully places blues literature in dialogue with the music that provokes it, vibrantly articulating a vital American tradition. At the heart of Gussow's story is his own unlikely yet remarkable streetside partnership with Harlem bluesman Sterling "Mr. Satan" Magee: a musical collaboration marked not just by a series of polarities—black and white, Mississippi and Princeton, hard-won mastery and youthful apprenticeship—but by creative energies that pushed beyond apparent differences to forge new dialogues and new sounds. Undercutting familiar myths about the down-home sources of blues authenticity, Gussow celebrates New York's mongrel blues scene: the artists, the jam sessions, the venues, the street performers and the eccentrics. At once elegiac and forward-looking, *Journeyman's Road* offers a collective portrait of the New York subculture struggling with the legacy of 9/11 and healing itself with the blues.

Whose Blues? Adam Gussow, 2020-09-28. Mamie Smith's pathbreaking 1920 recording of "Crazy Blues" set the pop music world on fire, inaugurating a new African American market for race records. Not long after, such records also brought black blues performance to an expanding international audience. A century later, the mainstream blues world has transformed into a multicultural and transnational melting pot, taking the music far beyond the black southern world of its origins. But not everybody is happy about that. If there's no black, no white, just the blues, as one familiar meme suggests, why do some blues people hear such pronouncements as an aggressive attempt at cultural appropriation and an erasure of traumatic histories that lie deep in the heart of the music? Then again, if blues is black music, as some performers and critics insist, what should we make of the vibrant global blues scene with its all-comers mix of nationalities and ethnicities? In *Whose Blues?*, award-winning blues scholar and performer Adam Gussow confronts these challenging questions head-on. Using blues literature and history as a cultural anchor, Gussow defines, interprets and makes sense of the blues for the new millennium. Drawing on the blues tradition's major writers, including W.C. Handy, Langston

Hughes Zora Neale Hurston and Amiri Baraka and grounded in his first person knowledge of the blues performance scene Gussow's thought provoking book kickstarts a long overdue conversation
