Autism and Us Jonathan Timmons, Titus Timmons, 2016-06-18 What is Autism How do you treat people who have Autism Come learn about Autism as Jonathan and Titus Timmons share their story of how Autism has touched their family Author Jonathan Timmons is the fifth out of six children He is very vocal about the need for other children to learn about Autism Having a sibling with Autism isn't always easy and at times can be scary Jonathan shares what it is like to have a sibling with Autism and hopes that as people learn more they will also learn to be kind patient and treat others with respect Author Titus Timmons is the youngest of six children He was diagnosed with Autism at the age of five Titus shares what it is like at a young age to deal with day to day situations He wants people to learn about Autism so they know that people with Autism have feelings too and want to be treated with kindness Autism and Us Jonathan Timmons, Titus Timmons, 2015-05-17 What is Autism How do you treat people who have autism Come learn about Autism as Jonathan and Titus Timmons share their story of how Autism has touched their family Author Jonathan Timmons is the fifth out of six children He is very vocal about the need for other children to learn about Autism Having a sibling with Autism isn't always easy and at times can be scary Jonathan shares what it is like to have a sibling with Autism He hopes that as people learn more about Autism they will learn to be kind patient and treat others with respect Author Titus Timmons is the youngest of six children He was diagnosed with Autism at the age of five Titus shares what it is like at a young age to deal with day to day situations He wants people to learn about Autism so they know that people with Autism have feelings too and want to be treated with kindness Both of these young authors are amazing young men who openly share their thoughts and feelings in hopes of spreading Autism Awareness and Acceptance Memory and Movies John Seamon, 2024-10-29 How popular films from Memento to Slumdog Millionaire can help us understand how memory works In the movie Slumdog Millionaire the childhood memories of a young game show contestant trigger his correct answers In Memento the amnesiac hero uses tattoos as memory aids In Away from Her an older woman suffering from dementia no longer remembers who her husband is These are compelling films that tell affecting stories about the human condition But what can these movies teach us about memory In this book John Seamon shows how examining the treatment of memory in popular movies can shed new light on how human memory works After explaining that memory is actually a diverse collection of independent systems Seamon uses examples from movies to offer an accessible nontechnical description of what science knows about memory function and dysfunction In a series of lively encounters with numerous popular films he draws on Life of Pi and Avatar for example to explain working memory used for short term retention He describes the process of long term memory with examples from such films as Cast Away and Groundhog Day The Return of Martin Guerre among other movies informs his account of how we recognize people the effect of emotion on autobiographical memory is illustrated by The Kite Runner Titanic and other films movies including Born on the Fourth of July and Rachel Getting Married illustrate the complex pain of traumatic memories Seamon shows us that

movies rarely get amnesia right often using strategically timed blows to the protagonist's head as a way to turn memory off and then on again as in *Desperately Seeking Susan* Finally he uses movies including *On Golden Pond* and *Amour* to describe the memory loss that often accompanies aging while highlighting effective ways to maintain memory function
