Robert Arthur

Big Necessity The Unmentionable World Of Human Waste:

The Big Necessity Rose George, 2008-10-14 An utterly original exploration of the world of human waste *The Big Necessity* takes aim at the taboo and reveals everything that matters about how people do and don't deal with their own waste *The Big Necessity* Rose George, 2009 Prepare to embark on an eye opening tour through the world of human waste With a journalist's nose for a story and a campaigner's desire for change Rose George is our undaunted guide through this fascinating and little travelled terrain

The Big Necessity the Unmentionable World of Human Waste , How the Toilet Changed History Laura Perdew, 2015-08-01 How the Toilet Changed History examines the invention of the toilet and explores how improving sanitation has changed cities and human health Features include essential facts a glossary selected bibliography websites source notes and an index plus a timeline and maps charts and diagrams Aligned to Common Core Standards and correlated to state standards Essential Library is an imprint of Abdo Publishing a division of ABDO

Garbage and Recycling Debra A. Miller, 2009-10-02 The Environmental Protection Agency states that in the past 50 years humans have consumed more resources than in all of previous history Recycling reuse and remanufacturing account for 3.1 million jobs in America according to American Solar Energy Society yet our garbage accounts for 42 percent of U.S. greenhouse gas emissions This pertinent resource examines issues surrounding garbage and recycling in America Chapters explore topics such as dealing with hazardous waste the global challenge of waste management and strategies for future waste management

Understanding Human Ecology Robert Dyball, Barry Newell, 2023-06-30 Understanding Human Ecology offers a coherent conceptual framework for human ecology a clear approach for understanding the many systems we are part of and for how we frame and understand the problems we face Blending natural social and cognitive sciences with dynamical systems theory this key text offers systems approaches that are accessible to all from the undergraduate student to policymakers and practitioners across government business and community In the first edition road tested and refined over a decade of teaching and workshops the authors built a clear inspiring and important framework for anyone approaching the management of complex problems and the transition to sustainability Fully updated for the second edition the book now goes further in using systems thinking principles to explain fundamental processes of change in social ecological systems Revised case examples provide a working application of these principles whilst a new discussion of the hierarchical structure of complex systems is included to guide practical policymaking This new edition is essential reading for students and scholars of human ecology environmental ethics and sustainability studies

You Will Die Robert Arthur, 2012-12-14 A book that vigorously defends heroin users and sex workers In *You Will Die The Burden of Modern Taboos* Robert Arthur does that and more to demonstrate that taboos are not relics of primitive societies America has its own ridiculous phobias and beliefs that cause tedium suffering and death The government and the media use these taboos to lie and mislead It is not a conspiracy but by pushing panic for votes and viewers they thwart our pursuit of happiness *You Will*

Die exposes the fallacies and the history behind our taboos on excrement sex drugs and death Arthur uses racy readability and rigorous documentation to raze sacred shrines of political correctness on the left and of conventional wisdom on the right From the proper way to defecate to how to reach nirvana anticipate the unexpected It is not simply a novel exploration of sex and drugs but also of individuality liberty and the meaning of life You Will Die gives readers a new way of seeing their world and allows them to make a more informed choice about living an authentic life Winner of the 2008 Montaigne Medal awarded for most thought provoking independent book ya gotta fight back against the Sarah Palin idiot herd with something Wayne Coyne Lead Singer The Flaming Lips one of my favorite books Mark Frauenfelder Editor Boing Boing This book is a MUST READ I loved it Dr Mark Benn Psychologist Colorado State University

Designing the Domestic Posthuman Colbey Emmerson Reid, Dennis M. Weiss, 2023-12-28 Ever since TIME magazine s 1983 Man of the Year was the PC we have been led to believe that our domestic spaces have been colonized by digital technology Too little attention has been paid to the domestic spaces and inhabitants impacted by this and critical posthumanism has been captured by a picture of humanity overly indebted to digital technologies and their largely male progenitors By applying feminist theory to posthumanism this work recovers the plethora of sophisticated human technology mediations associated with the home and practiced primarily by women the elderly infants the disabled and across cultures globally challenging dominant contemporary visions of a future humanity Authors Dennis M Weiss and Colbey Emmerson Reid look at various iterations of the posthuman and assert the need for alternative feminist readings that emphasize different standpoints from which to assess people places and products Chapters address the impact of posthumanism on design theory and look at familiar domestic objects with different attributes from those typically affiliated with technology and the future such as clothing textiles ceramics furniture and wallpaper They reveal their unhomely extra human qualities and offer a much needed perspective on domestic spaces and practices revivifying the home as a site of species transformation and pushing beyond traditional understandings of person mothering families and care giving to highlight a range of critically overlooked mediated materialisms and embodiments affiliated with domestic space By focusing on the neglected intersection of the posthuman with the home and exploring domestic posthuman design Designing the Domestic Posthuman offers a vision of a future humanity that retains identity integrity and considers our relationship to others to the world and things in it This book widens the lens of critical focus in posthumanism feminist philosophy and design and presents an alternative inclusive design framework for the future

The Paradox of Authenticity in a Globalized World R. Cobb, 2014-04-02 Authenticity in our globalized world is a paradox This collection examines how authenticity relates to cultural products looking closely at how a particular ethnic food or genre of popular music or indigenous religious belief attains its aura of originality when all traditional cultural products are invented in a certain time and place

New Perspectives on Technology, Values, and Ethics Wenceslao J. Gonzalez, 2015-10-08 This book focuses on a key issue today the role of values in technology with special emphasis on ethical values This topic involves

the analysis of internal values in technology as they affect objectives processes and outcomes and the study of external values in technology social cultural economic ecological etc These values internal and external are crucial to the decision making of engineers In addition they have increasing relevance for citizens concerned with the present and future state of technology which gives society a leading position in technological issues The book follows three main lines of research 1 new perspectives on technology values and ethics 2 rationality and responsibility in technology and 3 technology and risks This volume analyzes the two main sides involved here the theoretical basis for the role of values in technology and a practical discussion on how to implement them in our society Thus the book is of interest for philosophers engineers academics of different fields and policy makers The style used lends itself to broad audience
