Autism & Reading Comprehension Joseph Porter, 2011 Provides ready to reproduce pages of lessons worksheets and exercises that help teach reading comprehension skills to children with autism spectrum disorders **Autism and Reading Comprehension** Joseph Porter, 2016-07-18 The predictable format repetition and routine of these lessons will create a relaxed learning environment while the variations in the topics will hold students attention and help them generalize the reading skills they need to succeed Starting with Level 1 The Cat and ending with Level 9 The Lizard special educator Joseph Porter has developed an amazing 90 hours of animal themed whole group instructions There are two student worksheets for each of nine animals totaling eighteen worksheets Each worksheet has four variations and there is a ready to go lesson plan for each one There are also two sentence building exercises for each animal theme which will build students observation skills and help them transform those skills into conversation and written language In addition to the step by step lesson plans Joseph provides a detailed description of what the lessons will look and feel like in the classroom complete with valuable first hand advice In the back you ll find an appendix with numerous suggestions for complementary activities for each animal theme so you can supplement on the days with art projects music books and videos There is even a section containing Data Collection Sheets assessment forms that will help you record students progress per IEP standards All of the worksheets lesson plans visual tools and assessment forms are available for quick and easy print at www.fhautism.com/arc.html

Visual Support for Children with Autism Spectrum Disorders Vera Bernard-Opitz, Anne Häussler, 2011 Combining their years of experience working with individuals on the autism spectrum the authors bring practical ideas and teaching methods for offering visual supports to students with autism spectrum disorders **Library Services for Youth with Autism Spectrum Disorders** Lesley S. J. Farmer, 2013-05-10 Autism is now the second most commonly diagnosed serious developmental disability and the number of children identified as autistic continues to grow Introducing what autism spectrum disorders are and identifying the great need to build and manage programs for different youth with these disorders Farmer offers librarians in or outside a school environment all the information they need to build a library literacy program geared towards these children Designed to both awaken sensitivities of library staff and address the questions of those who are already aware of the issue this book Shows how children with this diagnosis are increasingly mainstreamed into traditional library and school programs and identifies the special needs and issues they face in a library setting Equips readers to meet the needs of young library users who are autistic with practical tools for training library staff teachers and volunteers Explains hyperlexia the main barrier to the development of literacy among these children and how programs using sensory experiences can strengthen both literacy skills and socialization Proposes strategies for using library design to ensure that materials and resources are accessible to all patrons Including a glossary of terms and bibliography of additional resources Farmer s book is an important tool for raising awareness and supporting literacy development for children with
