My Strange Paranormal Life Charlyn Scheffelman, 2021-04-06 This book is an account of those paranormal events and what I think that I learned from them Most importantly I learned that these events are a natural part of the human experience so if they happen to you don t think you might be crazy More people have paranormal events than you think but tend to tell no one about them There are many other dimensions and many other life forms that inhabit them and we all have psychic senses we should have been taught how to use to help us throughout our lives Farmer's Weekly ,1926
