Theology and Black Mirror Amber Bowen,John Anthony Dunne,2022-04-14 Black Mirror Netflix s dystopian anthology probes what it means to be human in a technological world While the show raises interesting if not disturbing questions it refrains from giving answers putting the onus on viewers to continue the conversation Accordingly Theology and Black Mirror engages questions and prominent themes in the show with resources from the Christian tradition including the academic disciplines of biblical studies theology philosophy and ethics

War in Chronicles Troy D. Cudworth,2016-03-10 Taking on the established view of Chronicles which uses retribution theology the view that the author of Chronicles re worked the texts in Samuel Kings to demonstrate that Yahweh rewards the good and punishes the wicked Troy Cudworth argues that this cause effect relationship is maintained primarily through the treatment of the themes of war and temple faithfulness Cudworth identifies a division of kings into categories with the immediate exception of David who belongs in his own category as he pioneered the two most foundational elements of the temple cult For this reason he also won many battles to secure Israel s place in the land The next two groups of kings can be dichotomised in the following way those who show faithfulness to the temple cult and its practices and those who neglect it Based on their attitude to the temple the Chronicler illustrates how the kings either prosper in the land through military victory or suffer attack Although many kings begin as faithful in supporting orthodox temple practices and thus prosper on the battlefield none of these kings are consistent and persevere in their faithfulness and so their success either stops immediately or they suffer attack Conversely other kings are illustrated who despite committing some of the worst sins in Israel s history repent immediately after their swift punishment Across all of these cases it is shown how temple faithfulness always ultimately guarantees peace and security for Israel

TANAK Marvin A. Sweeney,2011-11-01 Though biblical theology has long been considered a strictly Christian enterprise Marvin A Sweeney here proposes a Jewish theology of the Hebrew Bible based on the importance of Tanak as the foundation of Judaism and organized around the major components Torah Nevi im Prophets and Kethuvim Writings Sweeney finds the structuring themes of Jewish life the constitution of the nation Israel in relation to God the disruption of that ideal documented by the Prophets and the reconstitution of the nation around the Second Temple in the Writings Throughout he is attentive to tensions within and among the texts and the dialogical character of Israel s sacred heritage Publisher description
