Ancient-Future Faith Robert E. Webber, 1999-11 In a world marked by relativism individualism pluralism and the transition from a modern to a postmodern worldview evangelical Christians must find ways to re-present the historic faith In his provocative new work *Ancient Future Faith* Robert E Webber contends that present day evangelicalism is a product of modernity Allegiance to modernity he argues must be relinquished to free evangelicals to become more consistently historic Empowerment to function in our changing culture will be found by adapting the classical tradition to our postmodern time Webber demonstrates the implications in the key areas of church worship spirituality evangelism nurture and mission Webber writes The fundamental concern of *Ancient Future Faith* is to find points of contact between classical Christianity and postmodern thought Classical Christianity was shaped in a pagan and relativistic society much like our own Classical Christianity was not an accommodation to paganism but an alternative practice of life Christians in a postmodern world will succeed not by watering down the faith but by being a counter cultural community that invites people to be shaped by the story of Israel and Jesus A substantial appendix explores the development of authority in the early church an important issue for evangelicals in a society that shares many features with the Roman world of early Christians Students professors pastors and laypeople concerned with the church's effective response to a postmodern world will benefit from this paradigmatic volume Informative tables and extensive bibliographies enhance the book's educational value Amazon

The Limits of Ancient Christianity Robert Austin Markus, 1999 Sixteen essays explore the end of ancient Christianity

C.S. Lewis and Christian Postmodernism Kyoko Yuasa, 2017-05-25 Employing a postmodernist literary approach Kyoko Yuasa identifies C S Lewis both as an antimodernist and as a Christian postmodernist who tells the story of the Gospel to twentieth and twenty

first century readers Lewis is popularly known as an able Christian apologist talented at explaining Christian beliefs in simple logical terms His fictional works on the other hand feature expressions that erect ambiguous borders between non fiction and fiction an approach similar to those typical in postmodernist literature While postmodernist literature is full of micronarratives that deconstruct the Great Story Lewis s fictional world shows the reverse in his world micronarratives express the Story that transcends human understanding Lewis s approach reflects both his opposition to modernist philosophy which embraces solidified interpretation and his criticism of modernised Christianity Here Yuasa brings to the fore Lewis s focus on the history of interpretation and seeks a new model

Recruiting the Ancients for the Creation Debate Andrew J. Brown, 2023-10-05 A careful and unbiased analysis of how thinkers from church history interpreted the creation narrative in Genesis How literally are we meant to take the creation week of Genesis 1 In this polarizing debate contemporary interpreters invoke great theologians from history to support their own side whether that be a young Earth theistic evolution or any other view The problem lies in trying to force ancient authors into contemporary boxes as Andrew J Brown shows in this thought provoking volume Covering Philo Basil Augustine Thomas Aquinas Martin Luther John Calvin John Wesley and more Brown carefully interprets great thinkers readings of Genesis 1 in their intellectual contexts He then assesses how these authors have been subject to cherry picking and misappropriation in the trenches of the modern creation debate By studying the intellectual history of the church in this way to revisit rather than recruit the ancients we can enrich our own biblical interpretation Irenic and magisterial Brown s

guide will interest both scholars of historical theology and anyone invested in the creation debate **Towards Baptist Catholicity** Steven R. Harmon, 2006-08-01 Towards Baptist Catholicity Essays on Tradition and the Baptist Vision contends that the reconstruction of the Baptist vision in the wake of modernity's dissolution requires a retrieval of the ancient ecumenical tradition that forms Christian identity through liturgical rehearsal and ecclesial practice Themes explored include catholic identity as an emerging trend in Baptist theology tradition as a theological category in Baptist perspective the relationship between Baptist confessions of faith and the patristic tradition the importance of Trinitarian catholicity for Baptist faith and practice catholicity in biblical interpretation Karl Barth as a paradigm for a Baptist and evangelical retrieval of the patristic theological tradition worship as a principal bearer of tradition and the role of Baptist higher education in shaping the Christian vision This book submits that the proposed movement towards catholicity is neither a betrayal of cherished Baptist principles nor the introduction of alien elements into the Baptist tradition Rather the envisioned retrieval of catholicity in the liturgy theology and catechesis of Baptist churches is rooted in a recovery of the surprisingly catholic ecclesial outlook of the earliest Baptists an outlook that has become obscured by more recent modern reinterpretations of the Baptist vision and that provides Baptist precedent of a more intentional movement towards Baptist catholicity today
