Angels Selected Lectures:

Angels Rudolf Steiner, 2013-04-02 Religious and spiritual writings have always made reference to beings from the spiritual hierarchies especially those known in Christian tradition as Angels These spirits are the closest to human beings and act as our invisible guides and companions They influence the life of the individual as well as the evolution of humanity and the cosmos From his own clairvoyant vision Rudolf Steiner confirmed the existence of such spiritual beings and showed how modern minds could gain access to their world As he explains in these inspiring lectures it is important for us to understand and cooperate with the work of the Angels today as this is crucial for the further development of humanity **Guardian**

Angels Rudolf Steiner, 2013-04-16 Throughout the ages traditional folklore has spoken of guardian angels as spirits who guide and protect human beings In modern times however their existence has largely been written off as myth and superstition Based on his personal experience and cognition Rudolf Steiner speaks of guardian angels and other spiritual beings as a reality Their existence he says is a spiritual and scientific fact which can be fruitfully researched and studied through clairvoyant means Furthermore working consciously with these entities can assist each of us in fulfilling our evolutionary goals In these six specially selected lectures Rudolf Steiner elucidates the role of the guardian angel and also discusses our relationship to the heavenly hierarchies of spiritual beings as a whole and how they shape our human form as a result of their cosmic activity **The Ancient Tradition of Angels** Normandi Ellis, 2023-03-07 An in depth study into the

shows how in whatever guise they appear angels are messengers She explains that angels are beings of light consciousness part of the universal life force that connects all beings And not only are angels actively helping in our planet s cosmic evolution they also help us see our own place in the cosmic plan
