**Hell's Spells** Devon Monk,2020-10-12 In a town like Ordinary anything can happen Unfortunately for Delaney Reed it usually does Police Chief Delaney Reed s little beach town where gods vacation and monsters reside is finally back to normal No possessed souls no vortexes to hell and absolutely no one s turned into a frog lately Then the queen of demons appears in her backseat begging to hide out in Ordinary and Delaney knows her peace and quiet is over and out Dealing with a demon fugitive isn t the only thing on Delaney s plate She s also trying to figure out why her boyfriend Ryder Bailey has been sneaking out of town every night and why her sisters are keeping secrets But when the gods in town begin to act funny Delaney knows something strange is going on It might have something to do with two powerful magical items that suddenly go missing Or it might have something to do with those little gaps of time Delaney s been losing and the memories she can t quite recall

**Bigfoot Exposed** David J. Daegling,2004-10-22 The myth of Bigfoot has captured the popular imagination since the creature s first public debut in 1958 numerous citations of evidence newspaper articles books hysterical personal accounts and even Hollywood movies illustrate the American public s enduring romance with the Sasquatch The scientific community on the whole however has stubbornly refused to comment on what it views as a very tall tale though Bigfoot s existence continues to be hotly argued between proponents of the beast and its skeptics Now biological anthropologist and primate physiology specialist David J Daegling enters the fray to offer both sides of the dispute benefit of objective scientific study A well crafted read Bigfoot Exposed will prove to be as much a model of scientific method for anthropologists and researchers as it is an engaging and persuasive debunking of the myth of Bigfoot

**Hell's Bones** Roy S Smith Jr.,2014-09-27 Ah she was so pretty Sitting there with her long blonde hair and wonderful smile all through his school year Bill had idolized the beautiful little blonde girl God how he wished she would notice him The pretty blonde girl seemed to know what Bill was thinking because right at that moment she got up and walked over to him Their eyes held for a brief moment when her sweet lips parted and she started screaming Bill woke up with a start and the screaming didn t stop

**The Hunt for Bigfoot** Lisa A. Shiel,2003 Katy Gallagher and her mentor historian Charlie Bergren scour the Earth for proof current evolutionary theories are flawed Their quest turns dangerous when Katy is threatened and Charlie vanishes To find him Katy must join forces with his son Rick who s a skeptic about everything Katy believes in Plunging into the depths of Michigan s north woods Katy and Rick tumble into a double edged mystery a hidden Bigfoot society protected by an ancient race with highly advanced technology who will stop at nothing to keep their secrets and a mysterious billionaire willing for his own reasons to kill to preserve the Bigfoot legend To stay alive Katy and Rick must unravel an enigma half a billion years in the weaving They must find the creatures science says cannot exist

**The Making of Bigfoot** Greg Long,2004-03 Bigfoot Huge hairy foul smelling this legendary apelike animal continues to captivate the public s imagination This fascination hinges on a single piece of motion picture film shot in northern California in 1967 For thirty five years Bigfoot believers have been convinced

that this sixty second piece of film proves the physical reality of Bigfoot But now comes a book that demolishes that belief that produces final proof that the film footage is a hoax The Making of Bigfoot tells the amazing story of Roger Patterson of Yakima Washington A part time rodeo rider chronically unemployed and dying of cancer Patterson propelled himself into short lived fame and fortune by exploiting his obsession with the Bigfoot subject and leveraging his expertise in manipulating and conning people to pull off one of the world s great hoaxes Living within two hours of Patterson s hometown for three years paranormal investigator and author Greg Long interviewed more than forty witnesses in Yakima who knew Patterson intimately The voices of these witnesses combined with facts unearthed from newspaper archives books and court documents tell the real story of Roger Patterson Both tragic and comical a unique slice of Americana The Making of Bigfoot captures the testimony of a colorful cast of characters who bring to life a man and a time in the 1960s when Bigfoot strode into the American imagination and the world embraced a myth

The De Facto Sasquatch (Book 2): Behavioral Patterns and Witness Accounts Bobbie Short, 2025-09-25 What happens when 30 years of serious research reveals that everything we thought we knew about Sasquatch is wrong They re not hiding They re watching And what researcher Bobbie Short exposes after three decades of investigation will change how you see the wilderness forever The Mystery Deepens Why do experienced truckers report the same impossible behavior on remote highways What explains the mathematical precision found in their territorial markings And how do you account for witnesses across the continent describing identical communication methods they couldn t possibly have coordinated The answers lie buried in Short s unprecedented database of encounters but they re not the answers you expect Questions That Will Haunt You What does it mean when these creatures demonstrate knowledge that should be impossible for any undiscovered animal Why do Native American accounts from centuries ago perfectly match modern witness reports How do you explain documented cases of what appears to be revenge What are the implications of the strategic behaviors Short uncovers The Evidence You ve Never Heard Hidden within these pages are case studies that will make you question everything The railroad engineer s 1950 encounter that reads like science fiction but comes with documentation Strategic behaviors that suggest military level intelligence Communication abilities that blur the line between animal and something else Family dynamics that mirror our own in terrifying ways A Warning to Readers This isn t entertainment Short s methodology is rigorous her skepticism legendary and her conclusions unsettling She presents only what can be documented cross referenced and verified The patterns she uncovers suggest we may be dealing with something far more complex than a missing link For Those Who Dare to Know If you ve ever felt watched in the wilderness if you ve heard sounds that didn t belong if you ve wondered what s really out there in North America s vast remote areas This book contains answers But once you know what Short discovered you ll never look at a tree line the same way again Some mysteries are better left unsolved This isn t one of them Based on the largest behavioral database ever compiled featuring witness accounts that span decades and defy conventional explanation

What emerges from the data will challenge everything you thought you knew about what shares our continent Are you prepared for what three decades of serious research reveals Read at your own risk **Weekly World News: Bigfoot** ,
