Being Catholic In A Culture Of Choice:

Being Catholic in a Culture of Choice Thomas P. Rausch, 2006 Thomas Rausch's book *Being Catholic in a Culture of Choice* examines a number of recent studies of young adult Catholics as well as different ways that being Catholic is developed and supported from the Catholic imagination to a reexamination of Christian origins in the light of the charges made in *The Da Vinci Code* to the domestic church and Catholic colleges and universities

The Rite of Christian Initiation Peter McGrail, 2016-02-17 In the wake of recent papal legislation the various liturgies of the Roman Rite may today be celebrated in either their post Tridentine or post Vatican II forms Whilst much discussion of this new situation focuses on purely liturgical issues this book breaks new ground by arguing that the coexistence of the two forms raises questions of a profoundly ecclesiological character Peter McGrail explores the relationship between ritual form ecclesial self understanding and constructs of the world that are at play as adults become members of the Church Analysing the rites by which adults were taken into the Church for three and a half centuries this book goes on to explore attempts to find a new ritual expression for the journey to Christian Initiation set against the divergent and even conflicting ecclesiologies which were at play before and during the Council

The Self in European and North American Culture J.H. Oosterwegel, R.A. Wicklund, 2012-12-06 How diverse or potentially overlapping are the numerous self models self theories and directions of self research It has become clear that the processes associated with the self are complex and diverse and that many of the approaches associated with the self have been pursued in isolation Moreover the fact of there being different traditions within developmental and social psychology as well as different traditions in Europe and North America has also led to a certain cacophony when we examine the self field as a whole The chapters here confront these differences trying to come to terms with phenomena that are overarching that extend through the dimensions of developmental psychology social psychology motivation psychology and parts of clinical psychology The book as whole gives a clear presentation of the issues questions and phenomena that surface in research fields known as self psychology

Catholics, Conflicts and Choices Angela Coco, 2014-09-12 Many Catholics today are disenchanted with the Church's continuing distrust of women and laity But despite this widespread dissatisfaction traditional power relations have hardly changed over the last century Catholics Conflicts and Choices presents detailed interviews with lay people priests Sisters and Christian Brothers each discussing their personal struggles with church teachings and practices The conversations are selected to illustrate different experiences of power relations particularly different aspects of gender dynamics within the organisational structures of the Church The interviews are examined within a framework of feminist sociological and psychological theory Catholics Conflicts and Choices reveals how despite a long history of challenging official notions of authority and obedience and assumptions about intimate relationships there is little potential for change if the established power relations of the Church are not confronted

Young Adult Catholics Dean R. Hoge, 2001 Leaders of the American Catholic community want to and need to

reach out to young adults But effective ministry to young adults depends on an understanding of the attitudes and the needs of the current generation of Catholics in their 20s and 30s This is why Dean Hoge William Dinges Mary Johnson and Juan Gonzales began their study of young adult Catholics How do they actually live their Catholicism Are they alienated from the church Are they cynical about the church's moral teachings Do they take the pope's statements seriously Do they attend Mass Have significant numbers left for other churches Do they want Catholic education for their children Seeking answers to these and other questions the authors conducted a national survey in 1997 supplemented by a telephone survey and then by personal interviews with over 800 men and women across the country The interviews put a human face on the information provided and they form a compelling part of this timely narrative Of special interest is the focus on Latino Catholics The authors underscore observations that include the strength and tenacity of Catholic identity in spite of many challenges the high level of personal decision making among those interviewed and surveyed and the readiness of young Catholics for institutional reforms BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved

Universalism and Liberation Jacopo Cellini, 2017-05-11 The changing attitude of Catholic culture towards modernity After decades of a problematic if not plainly hostile approach to modernity by Catholic culture the 1960s marked the beginning of a new era As the Church employed a more positive approach to the world voices in the Catholic milieu embraced a radical perspective channeling the need for social justice for the poor and the oppressed The alternative and complementary world views of universalism and liberation would drive the engagement of Catholics for generations to come shaping the idea of international community in Catholic culture Because of its traditional connection with the papacy and because of its prominent role in the map of European progressive Catholicism Italy stands out as an ideal case study to follow these dynamics By locating the Italian scenario in a broader geographical frame Universalism and Liberation offers a new vantage point from which to investigate the social and political relevance of religion in an age of crisis *Becoming a Church of Lifelong Learners* John Roberto, 2006 The key in the Generations approach to faith formation is that it builds on the strengths of a parish's current catechetical program while creating a lifelong faith formation plan and intergenerational learning programs that gather all the generations to learn together and nurture faith at home throughout the life cycle The CD ROM includes PowerPoint presentations for each chapter along with articles by religious education theorists who have been instrumental in developing a new paradigm of lifelong faith formation The book is ideal for parish pastoral and catechetical leaders as well as university courses in religious education and pastoral ministry American Catholic Studies, 2007 **Americans on Politics, Policy, and Pop Culture** Jason Wright, Aaron Lee, 2005-07 Tomorrow morning in thousands of newspapers around the country opinion editorials or op eds will appear by well paid columnists like George Will Michael Barone Linda Chavez and many others Their sharply tuned vocabularies and finely crafted articles serve an important function in shaping public opinion on politics social issues and more But they ain't the only ones The Internet has

Gabrielli, 2013 What are we doing when we confirm teenagers Why is the religious education of teenagers so perplexing Why is confirmation often a moment of graduation out of parish life Confirmation How a Sacrament of God s Grace Became All about Ustells the story of how confirmation more than any other sacrament has interacted with secular culture to give rise to these kinds of pastoral challenges At the same time confirmation has over the course of the twentieth century become a sacramental stamp of approval for various Catholic renewal movements The cultural shifts of the last century have led to various theological themes for confirmation creating a crisis of meaning today Is confirmation a personal choice for faith or is it the deepening of an ongoing relationship with the Divine Timothy Gabrielli gives us a fresh approach for addressing these pressing questions
