Anatol Lieven, Dmitri V. Trenin

Belarus At The Crossroads Carnegie Endowment Series:

Contemporary Belarus Elena Korosteleva, Colin Lawson, Rosalind Marsh, 2003-08-27 This book provides a thorough overview of current developments in Belarus It looks at historical political economic and social changes and at international relations especially relations with Russia and the European Union Europe's Last Frontier? Oliver Schmidtke, S. Yekelchik, 2016-04-30 Three former western Soviet republics Ukraine Belarus and Moldova now find themselves torn between the European Union and the increasingly assertive Russia This volume examines the foreign and domestic policies of these states with an eye to the lasting legacy of Russian domination and the growing attraction of Europe **Comparative International Politics of Democracy Promotion** Jonas Wolff, Hans-Joachim Spanger, Hans-Jürgen Puhle, 2013-09-11 Though scholarly attention to democracy promotion is increasing there is still little comparative and theoretically based work on the protagonists of democracy promotion This book investigates the motives that drive democracy promotion in a comparative and theoretically oriented manner exploring how democracy promoters deal with conflicting objectives and the factors that shape their behaviour It also addresses the more policy oriented debate on the contemporary challenges to democracy promotion focusing on US and German policies towards three kinds of challenges the emergence of radical leftist governments in Bolivia and Ecuador the political rise of Islamist movements in Turkey and Pakistan and the consolidation of semi authoritarian rule in Belarus and Russia In each case North Western democracy promoters have been confronted with serious conflicts of objectives between security economic interests and democracy promotion The analysis and comparison of such situations in which democracy promoters have to deal with competing objectives and make tough decisions provides powerful evidence as to the factors that shape democracy promotion The Comparative International Politics of Democracy Promotion will be of interest to students and scholars of international relations comparative politics democratization studies and foreign policy **Belarus at the Crossroads** Sherman W. Garnett, Robert Legvold, 1999 Belarus is located on the borders of Russia Lithuania Poland and the Ukraine a position which in combination with the ambitions of its president points to its importance as a major geopolitical player These essays focus on Belarus s place in the evolving European security environment **Thinking Strategically** Robert Legvold, 2003 The first volume in a series focusing on security challenges posed by the former Soviet Union addresses the economic political and security interests at stake in Kazakhstan for Russia the US China Europe and Japan **Developments in Central and East European Politics 5** Stephen White, Judy Batt, 2013-08-30 The new edition of this market leading text brings together specially commissioned chapters by a team of top international scholars on the changing politics of this diverse region negotiating the competing pulls of the European Union and post communist Russia The Unknown Europe James R. Payton, 2021-11-03 The fascinating history of Eastern Europe includes highs of soaring cultural achievement and lows of almost unimaginable repression But we in the West don't know much about Eastern Europe or its history this book helps us see why We got interested when the region became a

threat during the Cold War but what we learned focused on the Communist period after World War II not Eastern Europe itself or its deep history a history that continues to live in the hearts of its peoples James Payton offers an accessible treatment of the history of the region an opportunity to learn about Eastern Europeans as they are He overviews that story from pre history to the present examining eleven turning points that profoundly shaped Eastern European history His treatment considers the backgrounds to the turning points the events and the long lasting impacts they had for the various Eastern European nations This helps us understand how Eastern Europeans themselves see their history the long haul over the centuries with the influence and impact of events of the sometimes distant past shaping how they see themselves their neighbors and their place in the world *Developments in Central and East European Politics* 3 Stephen White, Judy Batt, Paul G. Lewis, 2003 Ambivalent Neighbors Anatol Lieven, Dmitri V. Trenin, 2013-01-25 Almost fifteen years after the end of the Cold War the process of creating a Europe whole and free is incomplete and likely to be so for the foreseeable future In this volume a group of highly distinguished contributors from both East and West examines the complicated and multi faceted process of NATO and EU enlargement in the context of the changed global situation since the terrorist attacks of September 11 2001 This book examines the enlargement processes not only from the perspective of the West and western institutions but also from the point of view of the former communist countries If an enlarged NATO and EU are to be stable and successful in the long run they must take account of the wishes and interests of both their new former communist members and those European states that will not become members of either NATO or the EU in the foreseeable future Contributors include Christopher Bobinski Unia Polska Vladimir Baranovsky Institute of the World Economy and International Relations Heather Grabbe Center for European Reform Karl Heinz Kamp Konrad Adenauer Foundation Charles King Georgetown University Alexander J Motyl Center for Global Change and Governance Zaneta Ozolina University of Latvia Alexander Sergounin Nizhny Novgorod Linguistic University William Wallace London School of Economics and Leonid Zaiko Strategy Center *The Clinton Riddle* Todd G. Shields, Jeannie M. Whayne, Donald R. Kelley, 2004-01-01 In 2002 a distinguished interdisciplinary group of scholars gathered at the Diane D Blair Center of Southern Politics and Society at the University of Arkansas to provide a critical evaluation of the Clinton Gore administration Their groundbreaking assessment of the most controversial president in modern times treats such crucial topics as race women and minorities the character issue foreign policy and the media This book provides a unique vantage point on the Clinton riddle that all future studies will need to consider
