Communication Ethics Kathleen Glenister Roberts, Ronald C. Arnett, 2008 This volume occasions a dialogue between major authors in the field who engage in a conversation on cosmopolitanism and provinciality from a communication ethics

perspective There is no consensus on what constitutes communication ethics cosmopolitanism or provinciality the task is more modest and diverse and began with contributors being asked what the bias of their work suggests or offers for understanding the theme Communication Ethics Between Cosmopolitanism and Provinciality Rather than responding authoritatively each essay acknowledges the contributor s own work This book offers no answers but invites a conversation that is more akin to a beginning a joining an admission that there is more than me us or my kind of people theory or wisdom The book will be an excellent resource for instructors and for upper level undergraduate and graduate courses in communication *HRD in a Complex World* Monica Lee,2004-03-01 Human Resource Development in a Complex World
