Believing In The Resurrection The Meaning And Promise Of The Risen Jesus:

Believing in the Resurrection Gerald O'Collins, 2012 Gerald O Collins SJ is professor emeritus of the Gregorian University Rome and now adjunct professor at Australian Catholic University An international authority in the area of resurrection studies he has published seven books and dozens of articles on the resurrection of Jesus

Did Jesus Rise from the Dead? Matthew Levering, 2019-02-21 The Resurrection of Jesus is at the very root of Christian faith without belief in Jesus Christianity dies In this thought provoking work Matthew Levering defends the credibility of the claim that Jesus rose from the dead Drawing on the work of N T Wright Levering shows that the historical evidence vindicates this assumption and reveals that the Gospels were backed by eyewitnesses who were living and telling their stories even during the time of the writing of the Gospels The author also emphasises the importance of evaluating the Old Testament to validate Jesus Resurrection By highlighting the desire both in the ancient world and now to make the Resurrection more comprehensible by spiritualizing it Levering argues that the fact that the disciples themselves did not do this provides a further clue to reliability Finally the author addresses the question of why Jesus does not continue to show himself in his glorified flesh after his resurrection which is often seen as a strong case for scepticism However he shows that Jesus entire mission is predicated upon helping us to avoid cleaving to the present world over God He is leading us to where he is the kingdom of God the beginning of the new creation at the Father s right hand By developing these arguments for the historical reality of Jesus Resurrection this ground breaking study expertly draws together historical and theological reasons for believing that Jesus Resurrection happened

Retrieving Apologetics Glenn B. Siniscalchi, 2016-01-07 Given the popes recent statements of their desires to implement the New Evangelization it is imperative that Catholic theologians and other intellectually engaged laypersons retrieve the vital discipline of apologetics For the New Evangelization places particular emphasis on repropounding the Gospel to those who have experienced a crisis of faith due to secularization One salient method of Catholic apologetics used to be characterized by three demonstrations each of which assumes the conclusions established in the previous step s Some might think that this classical method of apologetics has been abandoned in the postconciliar Church but Siniscalchi s book updates it Unlike the classical apologetics of the preconciliar era Siniscalchi engages contemporary scholarship in a variety of academic disciplines such as philosophy history biblical studies sociology and theology to develop the steps that are necessary for showing the reasonableness of faith

Did Jesus Really Rise from the Dead? Carl Olson, 2016-07-23 Major feature films such *The Passion of the Christ* and *Risen* and books such as Bill O Reilly s *Killing Jesus* raise many questions about one of the greatest controversies in history what really happened to the crucified body of Jesus of Nazareth Using a popular question and answer format this book examines the historical evidence concerning the fate of Jesus Did Jesus really die on the cross If so what became of his body Was it stolen Misplaced Is the resurrection a cleverly devised plot to found a new religion Did the disciples of Jesus hallucinate Is the Resurrection of Jesus a myth developed decades later after the

original disciples experience of Jesus was distorted by a subsequent generation Or did Jesus rise from the dead as he promised and as his disciples came to believe and sacrifice their lives to proclaim

Carl Olson carefully weighs the evidence with in depth analysis Whether you are a believer a skeptic or something in between be prepared to have your thinking challenged by this provocative and insightful book *Living Resurrected Lives* Veronica Mary Rolf,Eva Natanya,2020 Christ s bodily resurrection is the foundation of Christian faith at least it is supposed to be But how often do we really consider what that means *Living Resurrected Lives* explores what it would take for Christians to understand and believe so clearly in resurrection both Christ s glorification and the promise of our own that our lives would be radically transformed by that faith right now We take a daringly integrated approach balancing careful consideration of sacred Scripture with attention to history theology and personal contemplative practice We offer arguments to re establish a firm bedrock for belief in the Gospel accounts suggest a new theological perspective that integrates scientific insights into quantum uncertainty with reflections on the malleable nature of identity and provide heart stirring guided meditations for daily practice We elucidate St Paul s teachings on the transformation of the body and grapple with age old conundrums about decaying corpses and the continuity of personal identity What dies What lives on We revisit early Christian intuitions about the sublime qualities of the glorified body and explore how we might cultivate such qualities through our own individual practice Thus we propose an embodied resurrection mysticism that can permeate every moment of our lives **Upward** Anthony Kelly,2014 The ascension of Christ is usually taken for granted and often neglected Indeed it represents that forgotten dimension of faith in its reach beyond the categories concepts and concerns of our mundane existence even in the church This book is written with the conviction that there are further riches to be discovered Christ s ascension indelibly marks the limitless horizon of Christian life It reminds us that the mission of evangelization is unconfined always moving beyond upward outward in the vitality of the risen Christ who already occupies every dimension of time and space Properly understood the ascension is a fundamental aspect of the catholicity of faith and enables it to breathe more deeply in its experience of the boundless riches of Christ Eph 3 9 *Illuminating the New Testament* O'Collins, Gerald, SJ,2022 A collection of eighteen essays on the Gospels Acts and the letters of Paul written throughout Gerald O Collins s distinguished career *Handing on the Faith* Sutton, Matthew,Portier, William,2014-04-10 Annual Volume 59 of the College Theology Society this book of collected essays will explore the theme of how theology and catechesis interact Is theology handing on the faith or is the vocation of the theologian something more different What are the challenges and convergences for theology and catechesis in the classroom Consisting of fifteen essays originally delivered as papers at the College Theology Society annual meeting in Omaha NE in May 2013 this book will offer the reflections and analyses of teachers across a broad spectrum of experience background and personal convictions vis vis the importance of catechesis in the college classroom *Herald and Presbyter* ,1903 *Just Say the Word!* G. Robert Jacks,1996 Over the years I ve heard some wonderful sermons writes G Robert Jacks I ve also heard

some duds Some have been so extemporaneous they sounded as if the preacher hadn't prepared anything Some have been such wondrously crafted literary pieces they sounded as if the preacher wanted to sound wondrously crafted and literary Some have sounded as though the preacher were giving a lecture or reading a term paper That's because the preacher had written a lecture or term paper And some have captured the attention and the imagination and set the spark to ignite faith in the hearer That's because they were written to be listened to and to appeal to the sense world of the hearers Drawing on nearly thirty years of experience in critiquing sermon delivery Jacks here offers a practical hands on approach to writing sermons that consider listeners first Jacks gives samples and examples of writing that effectively captures and holds an audience's attention and he offers practical tips and suggestions intended to help each of us find a preaching style and voice of our own He also shows how to translate the jargon of theological textbooks into everyday language suggests methods for rewriting sermons to avoid some of the pomposity of sermonic proclamation and demonstrates ways to retell biblical narratives in fresh and imaginative ways Just Say the Word Writing for the Ear is a valuable resource that will help pastors and lay leaders communicate as effectively as possible the faith that is ours to share
