The Managed Heart Arlie Russell Hochschild,2012-03-31 In private life we try to induce or suppress love envy and anger through deep acting or emotion work just as we manage our outer expressions of feeling through surface acting In trying to bridge a gap between what we feel and what we ought to feel we take guidance from feeling rules about what is owing to others in a given situation Based on our private mutual understandings of feeling rules we make a gift exchange of acts of emotion management We bow to each other not simply from the waist but from the heart But what occurs when emotion work feeling rules and the gift of exchange are introduced into the public world of work In search of the answer Arlie Russell Hochschild closely examines two groups of public contact workers flight attendants and

bill collectors The flight attendant's job is to deliver a service and create further demand for it to enhance the status of the customer and be nicer than natural The bill collector's job is to collect on the service and if necessary to deflate the status of the customer by being nastier than natural Between these extremes roughly one third of American men and one half of American women hold jobs that call for substantial emotional labor In many of these jobs they are trained to accept feeling rules and techniques of emotion management that serve the company's commercial purpose Just as we have seldom recognized or understood emotional labor we have not appreciated its cost to those who do it for a living Like a physical laborer who becomes estranged from what he or she makes an emotional laborer such as a flight attendant can become estranged not only from her own expressions of feeling her smile is not her smile but also from what she actually feels her managed friendliness This estrangement though a valuable defense against stress is also an important occupational hazard because it is through our feelings that we are connected with those around us On the basis of this book Hochschild was featured in Key Sociological Thinkers edited by Rob Stones This book was also the winner of the Charles Cooley Award in 1983 awarded by the American Sociological Association and received an honorable mention for the C Wright Mills Award
