Ana: a Memoir of Anorexia Nervosa Syanne Centeno, 2018-11-28 Starving was my way of coping with life If I was starving then that meant that I did not have to face reality I did not have to think When you're starving you cannot think Every day feels like an out of body experience and everything sounds like you are swimming underwater When you have Anorexia Nervosa you aren't living you are merely existing You become a walking

corpse of the person you once were Your life becomes about finding ways to satisfy your disorder and nothing else really matters You know that there is a chance that you won't wake up the next morning but keeping the Anorexia alive is more important than keeping yourself alive You convince yourself that as long as you are hungry that somehow everything is okay This was my life for 10 12 years My name is Syanne Centeno and I found Anorexia as an eight year old little girl You could say that I accidentally stumbled upon this illness or maybe IT actually found ME I didn't know what Anorexia was and had never heard of it I actually didn't hear the term Anorexia Nervosa until I was 14 but had unknowingly been engaging in eating disorder behavior for years prior Anorexia is such a complex perplexing disorder Trying to explain why I developed this as a child is nearly impossible The only thing I can do is write down my experience and take you on a journey in my shoes in hopes that this will help someone somewhere understand the realities of living with an eating disorder This is the account of Syanne's journey with severe Anorexia Nervosa which she named Ana a deadly psychiatric illness that haunts thousands of young girls and women each year Throughout her honest gut wrenching tale she relives the horror of battling Ana for over a decade starting at the age of just eight years old and how it nearly took her life Along with Anorexia Nervosa Syanne speaks of the other mental illnesses she struggled with such as Depression Borderline Personality Disorder and self mutilation Without holding back Syanne highlights the realities of living with an eating disorder and what it took for her to overcome it
