Educational Leadership and Asian Culture Peng Liu,Lei Mee

Thien,2023-08-11 Providing a window on educational leadership from an Asian cultural perspective Liu and Thien's edited collection describes how educational leadership is linked with national culture in the context of different Asian countries. While much of the scholarship on this topic has been built on Western paradigms, this book examines the measurement of school leadership from a diverse lens by taking cultural context into account while examining educational leadership. Drawing on cross-cultural perspectives, the authors investigate the relationship between leadership for learning and societal culture in addition to the relationship between leadership style and culture. The text provides a theoretical basis for understanding leadership in the context of Asian countries and offers practical suggestions for identifying effective and culturally sensitive leadership practices in similar cultural contexts. An excellent resource for graduate students, researchers in comparative education, educational practitioners looking to improve their education practices, and anyone interested in cultural leadership practices.

Appalachian Free Spirit Duke Talbott,2019-08-20 Gnosticism, Buddhism, and Taoism coupled with the Twelve Steps provide a road to recovery for an Appalachian former Peace Corps Volunteer in Somalia and infantry sergeant in Vietnam to find a new way of life salvaged from PTSD and the long-term addiction that followed in its aftermath. Draws on numerous letters written to the author's parents from Somalia and Vietnam half a century ago.

Qigong and the Tai Chi Axis Mimi Kuo-Deemer,2019-10-16 Mimi Kuo-Deemer takes the reader on a journey through the five elements and seasons of qigong, explaining their connection to health, lifestyle, and state of mind. It is a pleasure to read such a balanced approach. I highly recommend *Qigong and the Tai Chi Axis*. Kenneth S. Cohen, author of *The Way of Qigong*, Reduce stress, release pain, and create bodily harmony with this introduction to qigong and the yin-yang balance of tai chi, the ancient Chinese arts of movement meditation. This accessible book features information about these practices as well as insights into their benefits, providing tools for replenishing inner resources and managing energy levels. It also offers advice on making healthier choices in everyday life that will support the body's natural capacity for energy balance and well-being.

Prioritising Wellbeing and Self-Care in Higher Education Narelle Lemon,2024-07-11 This book illuminates international voices of those who feel empowered to do things differently in higher education, providing inspiration to those who are seeking guidance, reassurance, or a beacon of hope. Doing things differently comes with an awareness and curiosity to explore what can be. Increasingly, more and more professionals in higher education are choosing themselves, happiness, families, relationships, kindness, and compassion over arbitrary notions of institutional prestige, continuous pressure to overwork, and competitiveness with others. The chapters in this book do more than highlight flaws in the system; they call for proactive engagement in interrupting and reimagining what is broken. The authors share their own experiences as a way of encouraging readers to take small steps towards self-care, to notice their surroundings, and to embrace change as an empowering tool. The focus is on becoming the

change we aspire to see with a collective readiness to instigate positive transformations Sharing ambitious ideas to encourage change this book is a valuable resource for those seeking to enhance their self care and wellbeing in the higher education context and for those seeking to engage with others in support of these efforts
