Breaking The Curse Of Willie Lynch The Science Of Slave Psychology:

Breaking the Curse of Willie Lynch Alvin Morrow, 2003 A psychic examination of slavery's haunting effects on the conscious of black men women Cover **The Sexually Traumatized Psyche of the Black Woman** Richuz Tetia, 2013-10 This book if carefully studied will first introduce the black woman to her psyche and secondly help her control what is in her psyche This book is a journey into a mind that has been sexually traumatized It will help her to understand that thoughts of negativity are controlling every aspect of her life This book allows the black woman to face the deep dark secrets that are hidden in the psyche and it allows her a doorway to real change What's Really Going On? Ronnie Chiles, 2011-11-23 This book reflects poor black America's human condition and cruel reality historically in this country Most poor people and people of color see enough of life's dark side to know for sure what's really going on All of the social double standards and blatant contradictions that continue to define the democratic process for most of America's poor and forgotten people of color still finds the American Dream to be a figment of their imaginations This book is meant to show how American History is merely his story The powers that be continue to impose their will on much smaller nations decade after decade in the name of freedom and democracy Yet nothing about our might makes right preemptive strike mentalities has changed most poor Americans lifestyles If anything it has merely reduced the level of comfort and security most people in this country live in daily by heightening our nation's risk of being attacked So the fear factor continues to control what really goes on in this country from decade to decade This is why our nation will never be a genuine United States of America *A Cry For Justice* Jessie B. Evans-Hayes, 2016-03-03 Like the majority of institutions in America the U S Postal Service policy practice and or procedure appear neutral Truthfully it has a disproportionately negative impact on members of a racial or ethnic minority group Dr Martin Luther King Jr once said An injustice anywhere is an injustice everywhere Inequalities regardless of their bases should not be swept under the rug Any discrimination is intolerable and as citizens we must all make a serious attempt to do away with it If we remain docile and inactive the disparity will continue to grow and our great nation no doubt will diminish to irrelevancy America is a great nation however let's not forget that her strength is built on hope faith and all honesty through free labor of slaves Today racial disparity affects both the innocent and guilty minority Our judicial system is in urgent need of reform Our nation is confronted with serious moral ethical constitutional and economic challenges We have to work together for systematic changes This book documentary validate that as a race of people we are still plagued with persistent racial disparities systematic racism which causes serious physical as well as psychological consequences It discloses judicial tyranny and the corruption of the justice system by way of consistent psychological manipulation and deception and unconstitutional laws that infringes on minorities and pro se litigants rights Like cancer racism has the potential to destroy **The Holy Ghost Got a New Dance** Willie Hudson, 2016-11-09 In the midst of oppression poverty violence and insufficiency where survival takes priority over salvation what theology speaks to this condition Black Theology

and Holy Hip hop are important to understand and promote especially in their relationship to inner city ministry and spiritual development primarily in regards to black and brown youth This work investigates the complex crises experienced among our black and brown youth with special focus on the inner city Black Theology and Holy Hip hop is less about people and more about institutions the dichotomy between the institution of the church and the social institution of music that affects young people s mindset This book will examine how a double edged sword of Black Theology and Holy Hip hop will cut a new faith in inner city ministry that will initiate freedom against personal pain and systemic oppression on the one hand and free minds from self hate and submissive control on the other

Killing the Messenger Thomas Peele, 2012-02-07 When a nineteen year old member of a Black Muslim cult assassinated Oakland newspaper editor Chauncey Bailey in 2007 the most shocking killing of a journalist in the United States in thirty years the question was Why I just wanted to be a good soldier a strong soldier the killer told police A strong soldier for whom Killing the Messenger is a searing work of narrative nonfiction that explores one of the most blatant attacks on the First Amendment and free speech in American history and the small Black Muslim cult that carried it out Award winning investigative reporter Thomas Peele examines the Black Muslim movement from its founding in the early twentieth century by a con man who claimed to be God to the height of power of the movement s leading figure Elijah Muhammad to how the great grandson of Texas slaves reinvented himself as a Muslim leader in Oakland and built the violent cult that the young gunman eventually joined Peele delves into how charlatans exploited poor African Americans with tales from a religion they falsely claimed was Islam and the years of bloodshed that followed from a human sacrifice in Detroit to police shootings of unarmed Muslims to the horrible backlash of racism known as the zebra murders and finally to the brazen killing of Chauncey Bailey to stop him from publishing a newspaper story Peele establishes direct lines between the violent Black Muslim organization run by Yusuf Bey in Oakland and the evangelicalism of the early prophets and messengers of the Nation of Islam Exposing the roots of the faith Peele examines its forerunner the Moorish Science Temple of America which in the 1920s and 30s preached to migrants from the South living in Chicago and Detroit ghettos that blacks were the world s master race tricked into slavery by white devils In spite of the fantastical claims and hatred at its core the Nation of Islam was able to build a following by appealing to the lack of identity common in slave descendants In Oakland Yusuf Bey built a cult through a business called Your Black Muslim Bakery beating and raping dozens of women he claimed were his wives and fathering more than forty children Yet Bey remained a prominent fixture in the community and police looked the other way as his violent soldiers ruled the streets An enthralling narrative that combines a rich historical account with gritty urban reporting Killing the Messenger is a mesmerizing story of how swindlers and con men abused the tragedy of racism and created a radical religion of bloodshed and fear that culminated in a journalist s murder THOMAS PEELE is a digital investigative reporter for the Bay Area News Group and the Chauncey Bailey Project He is also a lecturer at the University of California Berkeley Graduate School of Journalism His many honors include the
