**Brian's Guide to Working with Spirit** Rhiannon Faulkner, 2012      **To Live in the Spirit** Nélida Naveros Córdova, CDP, 2018-11-29

**To Live in the Spirit** Paul and the Spirit of God brings to light a fresh understanding of the Greek concept spirit in Paul's ethical teaching. Placing Paul and his mixed audience within the Hellenistic Jewish and Greek philosophical traditions of the ancient world, this book examines his new message concerning its primary function in the acquisition of virtues and avoidance of vices. Looking in detail at the various ways in which Paul views in his seven undisputed letters, Naveros Córdova explores its development from Paul's initial ethical reflections in his early letters to a more mature view in his later letters. Naveros Córdova argues that it is within these traditions represented by major Hellenistic Jewish and Greco-Roman writers that Paul construes the framework of his ethical teaching. Paul finds in the power of God's a new ethical alternative for his mixed audience to living lives pleasing to God outside the observance of the Mosaic Law. Naveros Córdova demonstrates how Paul draws upon Platonic immaterial and Stoic material language that would have been familiar to his hearers in the early Christian communities to create a persuasive understanding of ethical performance and to show that the moral life of the believers springs from that received from God. In his efforts to highlight its central role in his ethics, Paul moves beyond both traditions by describing the Christification of not only in Stoic terms but also in Middle Platonic categories of the first century CE.

**Understanding Affections in the Theology of Jonathan Edwards** Ryan J. Martin, 2018-11-15 This volume argues that the notion of affections discussed by Jonathan Edwards and Christian theologians before him means something very different from what contemporary English speakers now call emotions and that Edwards s notions of affections came almost entirely from traditional Christian theology in general and the Reformed tradition in particular Ryan J Martin demonstrates that Christian theologians for centuries emphasized affection for God associated affections with the will and distinguished affections from passions generally explaining affections and passions to be inclinations and aversions of the soul This was Edwards s own view and he held it throughout his entire ministry Martin further argues that Edwards s view came not as a result of his reading of John Locke or the pressures of the Great Awakening as many Edwardsean scholars argue but from his own biblical interpretation and theological education By analysing patristic medieval and post medieval thought and the journey of Edwards s psychology Martin shows how on their own terms pre modern Christians historically defined and described human psychology

**That His Spirit May Be Saved** Jeremy M. Kimble, 2013-12-10 In an age of tolerance and moral laxity the implementation of church discipline is often looked upon with disdain fear or incredulousness However there is clear biblical precedent for the practice of discipline within a local church context While many are aware of several passages in Scripture that speak to this reality in this work Jeremy Kimble calls readers to observe clear biblical mandates historic precedent as well as theological and practical implications for the practice of church discipline Seeking to venture

past the pragmatic discussions surrounding church discipline Kimble articulates for his readers a lucid theological presentation of this topic He argues that discipline serves as a warning of potential end time judgment As such discipline also serves as a means to the sinner's repentance and the perseverance of the saints within that local church This theological understanding of discipline calls pastors and congregations to faithfulness There is a seriousness to church discipline that cannot be ignored and likewise discipline must also be viewed as a mercy knowing it is a means to repentance and enduring in one's faith
