Highland Park in the 20th Century Jeanne Kolva,2012 Officially established in 1905 the nearly two square mile trolley suburb is located across the Raritan River from the city of New Brunswick home of Rutgers University and Johnson Johnson Highland Park s population grew from 700 in 1905 to today s 14 000 residents as subdivisions took over farmland The large apartment complexes built after World War *The Only True America* David R. Hauser,2000-08-14 Probing the Journals of Lewis and Clark far more closely than other works the book develops the understanding that these Enlightenment gentlemen from Virginia gradually entered the unfamiliar world of the West and Native American animism and magic and they responded differently Clark adapted and learned from the Indians whereas Lewis resisted them as savages Clark returned after having envisioned a landscape of hope and lives a long life of

service to native tribes Lewis saw a landscape of despair and in the three remaining years of his life encountered conflict and disappointment Both perspectives on the West are still alive Some find in the virtual obliteration of Native American cultures and the despoiling of the land itself the loss of the West But another impulse toward energy inventiveness and community spirit seems alive especially evident in the smaller cities and larger towns along the route of the explorers In such places the landscape of hope is very much alive The experience of Lewis and Clark then parallels our experience today
