The Crisis in America's Criminal Courts William R. Kelly,2021-08-15 *The Crisis in America s Criminal Courts* highlights a variety of problems that judges prosecutors and public defenders face within a criminal justice system that is ineffective unfair and extraordinarily expensive While many argue and author William R Kelly agrees that crushing caseloads and court dockets certainly qualify as a crisis Kelly suggests there is a much greater crisis in the courts that results in profound downstream effects on criminal justice performance and outcomes It sounds simple but the greatest risk faced by the justice system is the lack of time expertise and resources for effective decision making In this book Kelly proposes a variety of evidence based reforms that as a start provide the key decision makers with professional clinical experts to accurately assess and advice regarding mitigating the circumstances that bring individuals into the courts We must rebalance We need incarceration for those who are too dangerous or violent or who are habitual offenders For most of the rest we need to manage risk but very importantly it is time to get serious about behavioral change We need to change the culture of the courthouse and reorient how we think about crime and punishment

The Immigration Battle in American Courts Anna O. Law,2010-06-14 This book assesses the role of the federal judiciary in immigration and the institutional evolution of the Supreme Court and the US Courts of Appeals Neither court has played a static role across time By the turn of the century a division of labor had developed between the two courts whereby the Courts of Appeals retained their original function as error correction courts while the Supreme Court was reserved for the most important policy and political questions Law explores the consequences of this division for immigrant litigants who are more likely to prevail in the Courts of Appeals because of advantageous institutional incentives that increase the likelihood of a favorable outcome As this book proves it is inaccurate to speak of an undifferentiated institution called the federal courts or the courts for such characterizations elide important differences in mission and function of the two highest courts in the federal judicial hierarchy
