Sofonisba's Lesson Michael W. Cole,2019 Within a span of seven or eight years in the 1550s the Italian painter Sofonisba Anguissola produced more self portraits than any known painter before her had in a lifetime She was the first known artist in history to take her parents and siblings as primary subject matter and may have painted the first group portrait featuring only women Cole examines Sofonisba's paintings as expressions of her relationships and networks looking at why Sofonisba was able to become a great woman artist at her father who decided to allow her to be educated as a painter at her teacher Bernardino Campi and at her relationships with her students sisters and patrons who included the Queen of Spain Cole

demonstrates that Sofonisba made teaching and education a central theme of her painting The book also provides the first complete catalogue of all of Sofonisba s known works
