The Transatlantic Zombie Sarah J. Lauro, 2015-07-15 Our most modern monster and perhaps our most American the zombie that is so prevalent in popular culture today has its roots in African soul capture mythologies The Transatlantic Zombie provides a more complete history of the zombie than has ever been told explaining how the myth's migration to the New World was facilitated by the transatlantic slave trade and reveals the real world import of storytelling reminding us of the power of myths and mythmaking and the high stakes of appropriation and homage Beginning with an account of a probable ancestor of the zombie found in the Kongolese and Angolan regions of seventeenth century Africa and ending with a description of the way in contemporary culture new media are used to facilitate zombie themed events Sarah Juliet Lauro plots the zombie's cultural significance through Caribbean literature Haitian folklore and American literature film and the visual arts The zombie entered US consciousness through the American occupation of Haiti the site of an eighteenth century slave rebellion that became a war for independence thus making the figuration of living death inseparable from its resonances with both slavery and rebellion Lauro bridges African mythology and US mainstream culture by articulating the ethical complications of the zombie as a cultural conquest that was rebranded for the American cinema As The Transatlantic Zombie shows the zombie is not merely a bogeyman representing the ills of modern society but a battleground over which a cultural war has been fought between the imperial urge to absorb exotic threatening elements and the originary Afro diasporic culture's preservation through a strategy of mythic combat

Above sea Jenny Lin, 2018-11-30 Shanghai long known as mainland China's most cosmopolitan city is today a global cultural capital This book offers the first in depth examination of contemporary Shanghai based art and design from state sponsored exhibitions to fashionable cultural complexes to cutting edge films and installations Informed by years of in situ research the book looks beyond contemporary art's global hype to reveal the socio political tensions accompanying Shanghai's transitions from semi colonial capitalism to Maoist socialism to Communist Party sponsored capitalism Case studies reveal how Shanghai's global aesthetic constructs glamorising artifices that mask the conflicts between vying notions of foreign influenced modernity and anti colonialist nationalism as well as the city's repressed socialist past and its consumerist present

Erik Satie: Music, Art and Literature Dr Caroline Potter, 2013-10-28 Erik Satie 1866 1925 was a quirky innovative and enigmatic composer whose impact has spread far beyond the musical world As an artist active in several spheres from cabaret to religion from calligraphy to poetry and playwriting and collaborator with some of the leading avant garde figures of the day including Cocteau Picasso Diaghilev and Ren Clair he was one of few genuinely cross disciplinary composers His artistic activity during a tumultuous time in the Parisian art world situates him in an especially exciting period and his friendships with Debussy Stravinsky and others place him at the centre of French musical life He was a unique figure whose art is immediately recognisable whatever the medium he employed Erik Satie Music Art and Literature explores many aspects of Satie's

creativity to give a full picture of this most multifaceted of composers The focus is on Satie's philosophy and psychology revealed through his music Satie's interest in and participation in artistic media other than music and Satie's collaborations with other artists This book is therefore essential reading for anyone interested in the French musical and cultural scene of the late nineteenth and early twentieth century Entering the Picture Jill Fields, 2012-02-27 In 1970 Judy Chicago and fifteen students founded the groundbreaking Feminist Art Program FAP at Fresno State Drawing upon the consciousness raising techniques of the women's liberation movement they created shocking new art forms depicting female experiences Collaborative work and performance art including the famous Cunt Cheerleaders were program hallmarks Moving to Los Angeles the FAP produced the first major feminist art installation Womanhouse 1972 Augmented by thirty seven illustrations and color plates this interdisciplinary collection of essays by artists and scholars many of whom were eye witnesses to landmark events relates how feminists produced vibrant bodies of art in Fresno and other locales where similar collaborations flourished Articles on topics such as African American artists in New York and Los Angeles San Francisco's Las Mujeres Muralistas and Asian American Women Artists Association and exhibitions in Taiwan and Italy showcase the artistic trajectories that destabilized traditional theories and practices and reshaped the art world An engaging editor's introduction explains how feminist art emerged within the powerful women's movement that transformed America Entering the Picture is an exciting collection about the provocative contributions of feminists to American art A New History of Western Art Koenraad Jonckheere, 2022-10-15 A radical re-examination of 2 500 years of European art deconstructing and demystifying its long history from ancient to present How has art evolved from the pursuit of the ideal human form to a black square on a white canvas Why is a banana duct taped to a wall worth more on the art market than a beautiful seventeenth century landscape By taking art for what it actually is a piece of stone or wood a sheet of paper with some lines drawn on it a painted canvas this lively and accessible account shows how seemingly meaningless objects can be transformed into celebrated works of art Breaking with conventional notions of artistic genius Koenraad Jonckheere explores how stories and emotions give meaning to objects and why changing historical circumstances result in such shifting opinions over time Tracing its story from ancient times to present A New History of Western Art reframes the evolution of European art and radically reshapes our understanding of art history Published in association with Hannibal Books Come as You Are Alexandra Schwartz, 2015-01-02 Come as You Are Art of the 1990s is the largest and most ambitious contemporary art exhibition ever to be mounted by the Montclair Art Museum The exhibition and book spotlight a pivotal moment in the recent history of art Chronicling the long 1990s between 1989 and 2001 from the fall of the Berlin Wall to 9 11 Come As You Are examines how the art of this period both reflected and helped shape the dramatic societal events of the era when the combined forces of new technologies and globalization gave rise to the accelerated international art world that we know today *Inventing Abstraction, 1910-1925* Leah Dickerman, Matthew Affron, 2012 This book explores the development of

abstraction from the moment of its declaration around 1912 to its establishment as the foundation of avant garde practice in the mid 1920s The book brings together many of the most influential works in abstractions early history to draw a cross media portrait of this watershed moment in which traditional art was reinvented in a wholesale way Works are presented in groups that serve as case studies each engaging a key topic in abstractions first years an artist a movement an exhibition or thematic concern Key focal points include Vasily Kandinskys ambitious Compositions V VI and VII a selection of Piet Mondrians work that offers a distilled narrative of his trajectory to Neo plasticism and all the extant Suprematist pictures that Kazimir Malevich showed in the landmark 0 10 exhibition in 1915 0Exhibition MoMA New York USA 23 12 2012 15 4 2013 This Will Have Been Helen Molesworth,Johanna Burton,2012 A fascinating examination of the cultural and political forces that shaped the art of a tumultuous decade **Art Since 1900** Hal Foster,Rosalind E.
