

AP World History Unit 2 Review

2.1, 2.3 & 2.4 Silk Roads, Indian Ocean, & Trans-Saharan Routes

Silk Roads

- Stretched from China to Europe to North Africa.
- Existed before 1200, but worked best as a conduit of trade when large empires were generally in control.
- **Goods**
 - Vast array of goods were exported across the continent along routes, packed into the bags of a camel caravan.
 - Goods were generally **luxury goods**, due to the high costs of transporting goods across a large distance.
 - **Silk**
 - Originated in China around 3000 BCE.
 - Demand spiked for clothing among the upper class because it was considered a status symbol.
- **Culture**
 - **Buddhism**
 - Spread widely throughout central and East Asia due to Buddhist merchants.
 - Shifted to new manifestations externally and internally along the Silk Road.
 - **External Changes**
 - Originally, Buddhism rejected the material world as an illusion. However, Buddhist monasteries along the Silk Roads often received gifts from traveling merchants.
 - **Internal Changes**
 - Oldest form of Buddhism was strictly ascetic.
 - Mahayana Buddhism spread along the Silk Road, in which the Buddha was a deity, and there was increased emphasis on compassionate work and the earning of merit.
 - Incorporated Zoroastrian fire rituals into devotional patterns.
- **Disease**
 - Different civilizations carry diseases, and develop immunities and methods of combating or eradic. However, other civilizations do not have that immunity, and have fatal effects.
 - **Black Death (Bubonic Plague)**
 - Half of the European population died between 1346 and 1348.

Indian Ocean Routes

- Silk Roads linked civilizations by land, and Indian Ocean linked societies by sea.
- Stretched from China to East Africa.
- Transporting goods through ships was cheaper than camels, so goods were both **common** and **luxury**.
