Apex Predators I The African Lion Lord Of The Serengeti:

The JPS Jewish Heritage Torah Commentary Eli L. Garfinkel, 2021-06 The JPS Jewish Heritage Torah Commentary shows Jews of all ages and backgrounds that the Jewish people's most significant book is not dusty and irrelevant but an eternally sacred text wholly pertinent to our modern lives. Designed to keep the attention of all readers, each lively essay is both brief enough to be read in minutes and deep and substantive enough to deliver abundant food for thought. Its cornerstone is its unique four-part meditation on the Jewish heritage. After briefly summarizing a Torah portion, the commentary orbits that portion through four central pillars of Jewish life: the Torah, *Torat Yisrael*, the land of Israel, *Eretz Yisrael*, the Jewish people, *Am Yisrael*, and Jewish thought, *Mahshevet Yisrael*, illuminating how the four intersect and enrich one another. Furthering the Jewish thought motif, every essay ends with two questions for thought, well suited for discussion settings. Each commentary can be used as the launchpad for a lesson, a sermon, a *dvar Torah*, or a discussion. Readers from beginners to experts will come away with new understandings of our Jewish heritage and be inspired to draw closer to its four dimensions.

Mountains of Africa Duncan Souchon, 2007 A must-have for all outdoor and mountaineering enthusiasts, packed with comprehensive historical insights from a European and African perspective.

The Serengeti's Lions: Kings Of The African Plains Nicky Huys, 2024-01-25 The Serengeti's Lions: Kings of the African Plains takes readers on a captivating journey into the heart of the Serengeti, where the iconic lions reign supreme. Through stunning photography and insightful narration, this book explores the lives of these majestic creatures, their social dynamics, hunting techniques, and the challenges they face in a changing world. From the powerful roar of the males to the nurturing nature of lionesses, this book provides a deep and intimate look at the lives of the Serengeti's lions and their vital role in the African ecosystem. With breathtaking images and compelling storytelling, this book is a tribute to the kings and queens of the savannah, offering a profound appreciation for one of nature's most awe-inspiring creatures.

The Serengeti Lion George B. Schaller, 2009-10-15 Based on three years of study in the Serengeti National Park, George B. Schaller's *The Serengeti Lion* describes the vast impact of the lion and other predators on the vast herds of wildebeest, zebra, and gazelle for which the area is famous. The most comprehensive book available on the lion, this classic work includes the author's findings on all aspects of lion behavior, including its social system, population dynamics, hunting behavior, and predation patterns. If you have only enough time to read one book about field biology, this is the one I recommend.

Edward O. Wilson, Science This book conveys not only the fascination of its particular study of lion behavior but the drama and wonder and beauty of the intimate interdependence of all living things.

Saturday Review This is an important book not just for its valuable information on lions but for its broad, open, and intelligent approach to problems that cut across the fields of behavior, populations, ecology, wildlife management, evolution, anthropology, and comparative biology.
