Factors Affecting High School Graduation Rates in Metropolitan Atlanta Public Schools Arunma Christy Ogbuagu, Clark Atlanta University. Department of Educational Leadership, 2010 **Celebrating the James Partridge Award** Diane L. Barlow, Paul T. Jaeger, 2016-12-22 Winners of the James A Partridge Outstanding African American Information Professional Award examine issues of race inclusion diversity and justice Their insights are complimented by the writings of other scholars educators and practitioners who study teach about and experience issues of race in the field firsthand Jimmy Carter as Educational Policymaker Deanna L. Michael, 2008-08-21 The United States is once again actively pursuing educational reform with the expressed goals of increasing efficiency and improving the quality of education while leaving no child behind Although these themes have been recast in contemporary terms this book demonstrates that they are a continuation of the educational efficiency movement that began in the early 1900s and reemerged during Jimmy Carter s administration Carter s involvement in educational policy on all governmental levels offers a unique opportunity to study the formation and implementation of educational policies on the local state and federal levels and to witness the centralization of educational policymaking in the latter half of the twentieth century Deanna L Michael explores how Carter s commitments to efficiency and planning on the one hand and to equal educational opportunity on the other reflect the larger national movement in educational policy When these commitments came into conflict Michael suggests Carter s attempts to reconcile them reveal both his own shifting priorities and the complex social and political obstacles facing educational policymakers then and now *The Closing Door* Gary Orfield, Carole Ashkinaze, 1993-11 The Closing Door is the first major critique of the effect of conservative policies on urban race and poverty in the 1980s Atlanta with its booming economy strong elected black leadership and many highly educated blacks seemed to be the perfect site for those policies and market solutions to prove themselves Unfortunately not only did expected economic opportunity fail to materialize but many of the hard won gains of the civil rights movement were lost Orfield and Ashkinaze painstakingly analyze the evidence from Atlanta to show why black opportunity deteriorated over the 1980s and outline possible remedies for the damage inflicted by the Reagan and Bush administrations The Closing Door is a crucial breath of fresh air an important and timely text which will help to alter the underclass debate in favor of reconsidering race specific policies Orfield and Ashkinaze construct a convincing argument with which those who favor race neutrality will have to contend In readable prose they make a compelling case that economic growth is not enough Preston H Smith II *Transition* **Planning Atlanta** Harley Etienne, Barbara Faga, 2017-11-08 More than any other major U S city Atlanta regularly reinvents itself From the Civil War s devastation to the 1996 Olympic boom to the current housing crisis the city s history is a cycle of rise and fall ruin and resurgence In Planning Atlanta two dozen planning practitioners and thought leaders bring the story to life Together they trace the development of projects like Freedom Parkway and the Jimmy Carter Presidential Library They examine the

impacts of race relations on planning and policy They explore Atlanta's role as a 19th century rail hub and as the home of the world's busiest airport They probe the city's economic and environmental growing pains And they look toward new plans that will shape Atlanta's next incarnation Read Planning Atlanta and discover a city where change is always in the wind
