*API Analytics for Product Managers* Deepa Goyal,Kin Lane,2023-02-21 Research strategize market and continuously measure the effectiveness of APIs to meet

your SaaS business goals with this practical handbook

### Key Features

Transform your APIs into revenue generating entities by turning them into products  
Meet your business needs by improving the way you research strategize market and measure results  
Create and implement a variety of metrics to promote growth

### Book Description

APIs are crucial in the modern market as they allow faster innovation But have you ever considered your APIs as products for revenue generation API Analytics for Product Managers takes you through the benefits of efficient researching strategizing marketing and continuously measuring the effectiveness of your APIs to help grow both B2B and B2C SaaS companies Once you've been introduced to the concept of an API as a product this fast paced guide will show you how to establish metrics for activation retention engagement and usage of your API products as well as metrics to measure the reach and effectiveness of documentation an often overlooked aspect of development Of course it's not all about the product as any good product manager knows you need to understand your customers needs expectations and satisfaction too Once you've gathered your data you'll need to be able to derive actionable insights from it This is where the book covers the advanced concepts of leading and lagging metrics removing bias from the metric setting process and bringing metrics together to establish long and short term goals By the end of this book you'll be perfectly placed to apply product management methodologies to the building and scaling of revenue generating APIs

### What you will learn

- Build a long term strategy for an API
- Explore the concepts of the API life cycle and API maturity
- Understand APIs from a product management perspective
- Create support models for your APIs that scale with the product
- Apply user research principles to APIs
- Explore the metrics of activation retention engagement and churn
- Cluster metrics together to provide context
- Examine the consequences of gameable and vanity metrics

### Who this book is for

If you're a product manager engineer or product executive charged with making the most of APIs for your SaaS business then this book is for you Basic knowledge of how APIs work and what they do is essential before you get started with this book since the book covers the analytical side of measuring their performance to help your business grow
