A Mosaic Of Believers Diversity And Innovation In A Multiethnic Church:

A Mosaic of Believers Gerardo Marti, 2009-10-26 Mosaic in southern California is one of the largest and most innovative multiethnic congregations in America Gerardo Marti shows us how this unusual church has achieved multiethnicity not by targeting specific groups but by providing multiple havens of inclusion that play down ethnic differences He reveals a congregation aiming to reconstruct evangelical theology personal identity member involvement and church governance to create an institution with greater relevance to the social reality of a new generation

Transitioning from an Ethnic to a Multicultural Church Byoung Ok Koo, 2019-12-20 Multicultural churches help us understand God's will for us to become one in this multicultural world and experience a heavenly gathering in advance This book based on case studies of four multicultural churches provides insights and knowledge regarding minority dominant multicultural churches in the United States Many multicultural churches in America are mainly concerned about racial reconciliation between the white and the black On the other hand resources concerning minority dominant multicultural churches are scant With the special attention on Korean immigrant churches this book contributes to the body of knowledge regarding minority dominant multicultural churches Specifically this book provides a model transition process called the Windmill T process to facilitate the movement of monocultural monoethnic churches in taking steps towards acquiring the characteristics of multicultural churches In addition this book touches on the issue of evangelism in the multicultural church Although there is limited insight the book describes what factors first draw different racial ethnic people to a church and what factors cause them to stay there All in all this book will guide you to a deeper understanding on multicultural churches and its practices for all nations beyond ethnic racial identities

The Diversity Paradox J. Jacob Jenkins, 2013-11-22 In recent years a sense of community has declined throughout the United States This trend is especially evident among younger generations whether measured by civic participation political involvement or religious affiliation Central Community Church an intercultural congregation located in Tampa Bay's urban corridor has responded to this trend by promoting community as an organizational metaphor The Diversity Paradox Seeking Community in an Intercultural Church explores the ways in which that metaphor was co constructed by Central Community's racially ethnically diverse leaders and members as well as limitations and tensions that emerged from those efforts After surveying the three prevailing views of community community as physical space community as disembodied concept and community as communicative process Jenkins builds upon four years of ethnographic fieldwork in order to fully understand this community He concludes by introducing an original theoretical concept called the diversity paradox an emphasis placed upon one potential understanding of diversity which paradoxically limits opportunities for alternative expressions of difference

People Get Ready Susan Bigelow Reynolds, 2023-01-17 WINNER COLLEGE THEOLOGY SOCIETY 2024 BEST BOOK AWARD What does it mean to be a community of difference St Mary of the Angels is a tiny underground Catholic parish in the heart of Boston's Egleston Square More than a century of local national and

international migrations has shaped and reshaped the neighborhood transforming streets into borderlines and the parish into a waystation Today the church sustains a community of Black Caribbean Latin American and Euro American parishioners from Roxbury and beyond In *People Get Ready* Susan Reynolds draws on six years of ethnographic research to examine embodied ritual as a site of radical solidarity in the local church Weaving together archived letters oral histories stories photographs newspaper articles and newly examined archdiocesan documents Reynolds traces how the people of St Mary s constructed rituals of solidarity as a practical foundation for building bridges across difference She looks beyond liturgy to unexpected places from Mass announcements to parish council meetings from the Good Friday Via Crucis through neighborhood streets to protests staged in and around the church in the wake of Boston s 2004 parish shutdowns Through ethnography and Catholic ecclesiology Reynolds argues for a retrieval of Vatican II s notion of ecclesial solidarity as a basis for the mission of the local church in an age of migration displacement and change It is through the work of ritual the story of St Mary s reveals that we learn to negotiate the borders in our midst to cultivate friendships exercise power build peace and in a real way to survive

A Culture of Faith Sam Reimer, Michael Wilkinson, 2015-04-17 A comprehensive overview of evangelical Protestant congregations in Canada

Sister Churches Janel Kragt Bakker, 2014 In *Sister Churches* Janel Bakker draws on extensive fieldwork and interviews with participants in congregation to congregation partnerships between Western churches and churches in the global South to explore the sister church movement and in particular its effects on American churches

American Blindspot Gerardo Marti, 2020-01-10 *American Blindspot* Race Class Religion and the Trump Presidency is a careful exploration of the forces that led to the election of the 45th president of the United States Author Gerardo Marti synthesizes the latest scholarship and historical research to examine the roles that race class and religion have played in politics both historically and today This book goes beyond the initial claims that the American working class was the force behind Donald Trump s election or policies and instead offers a nuanced perspective on how race religion and class have shaped our national views Trump s election and his policies

Original Sin? Willie Barnes, Jr., J. Scott Carter, 2025-09 *Original Sin* explores the ways that a multiracial church struggles with race racism and social activism during a turbulent time in U S history In the shadow of the murder of George Floyd the authors show how members and leaders of Without Walls Church a multiracial church claiming over thirty six thousand members perpetuate a racial ideology based in color blind theological teachings that minimizes teachings on racism in the church and social activism outside the church Barnes and Carter also shed light on church practices and policies that reproduce racial inequality and shaped the church s early response to the murder of George Floyd *Original Sin* shows us that despite being diverse places of worship and despite shifting demographics churches like this one face challenges that lead to the reproduction of the racial status quo

Religion's Power Robert Wuthnow, 2023 *Religion s Power* investigates the power dynamics in religious rituals discourse institutions identities and politics paying special attention to gender sexuality and race

Crossing the Ethnic Divide

Kathleen Garces-Foley, 2007-02-22 While religious communities often stress the universal nature of their beliefs it remains true that people choose to worship alongside those they identify with most easily Multiethnic churches are rare in the United States but as American attitudes toward diversity change so too does the appeal of a church that offers diversity Joining such a community however is uncomfortable worshippers must literally cross the barriers of ethnic difference by entering the religious space of the ethnically other Through the story of one multiethnic congregation in Southern California Kathleen Garces Foley examines what it means to confront the challenges in forming a religious community across ethnic divisions and attracting a more varied membership
