Evolution of the Pennsylvania Deer Hunter Brian R. Kightlinger,2019-11 Buck Fever Mike Sajna,1990 Every fall close to one million hunters enter Pennsylvania s forests and mountains in quest of the white tailed deer Some are seeking sport and companionship others are stocking their larders for winter many are conservationists who regard hunting as the most humane way of reducing overpopulated deer herds They all face the increasing activism of animal rights advocates who are opposed to hunting in principle and who frequently picket and harass hunters This controversial subject is explored in depth by Mike Sajna the outdoors columnist for Pittsburgh Magazine and a twenty year veteran of Pennsylvania s pumpkin army the orange clad throng that invades the woods every season To explain the ethos and traditions of hunting he takes the reader to a typical deer camp in Warren County in the rugged terrain of the Allegheny High Plateau Starting with the trek north from their homes around Pittsburgh he captures the sights and sounds thoughts and feelings of three generations of hunters With humor affection and insight he recounts the hunting lore the camaraderie the physical testing that make deer camp a unique experience Tales of a Pennsylvania Whitetail Hunter Bruce L. juggling the rights of hunters with the needs of commercial interests all with stakes in the success and health of the deer herd Now with deer harvests decreasing Chronic Wasting Disease becoming a potential threat and forests showing serious signs of trouble the need for compromise from all of the players is essential but is it possible This well researched and engrossing book explores that question
