Wadell, 2016-05-20 Happiness and the Christian Moral Life introduces students to Christian ethics through the lens of happiness The book suggests that the heart of ethics is not rules and obligations but our deep desire for happiness and fulfillment We achieve that happiness when we become people who love the good and seek it in everything we do The third edition of this reader friendly text has been revised and updated throughout It introduces Christian ethics with sensitivity towards readers who may not be Christian themselves After an overview of basic concepts and key thinkers such as Augustine and Thomas Aquinas subsequent chapters explore the importance of narrative in Christian ethics the place of

Palmer Elena Soto, 2024-02-09 Have you wrestled with the complexity of classroom teaching Have you often wondered what might be impeding your performance in the classroom Parker J Palmer s exploration into teaching and the problems that teachers encounter offers practical theories that address the questions one has or perhaps might not have thought to ask This book is about Parker J Palmer s theories of education interwoven with his spiritual vision of education Undergirding the spiritual aspect of his vision is his theory about the significance of the teacher s authentic self Within the narrative is the personal story of one teacher s daunting experiences as she ventured into the field of teaching after a career in the corporate world Meeting Palmer while in graduate school and closely studying his work served to modify her perspective about teaching for the better This ultimately changed her as a teacher in ways that could not have occurred had she not had this encounter This book aims to inform as well as to help transform the experience of teaching for both teacher and student **Reflections on Renewal** Donna M. Eschenauer, Harold Daly Horell, 2011 A Michael Glazier book Includes bibliographical references and index **The Community of the Weak** Hans-Peter Geiser, 2013-03-28 Social postmodernism and systematic theology can be considered the new pair in some of the most creative discussions on the future of theological method on a global scale Both in the academy and in the public square as well as in the manifold local and pastoral moments of ministry and community social activism the social the postmodern and the theological intermingle in engaging and border crossing ways The Community of the Weak presents a new kind of jazzy fundamental theology with a postmodern touch using jazz as a metaphor writing ethnographically messy texts out of the personal windows of lived experiences combining fragments of autobiography with theological reconstruction A comparative perspective on North American and European developments in contemporary systematic theology serves as a hermeneutical horizon to juxtapose two continents in their very different contexts The author proposes a systematic and fundamental theology that is more jazzy global and narrative deeply embedded in pastoral ministry to tell its postmodern story
