A New Insurgency The Port Huron Statement And Its Times

Judd E. Hollander

A New Insurgency The Port Huron Statement And Its Times:

A New Insurgency Howard Brick, Gregory L. Parker, 2015 Students for a Democratic Society SDS was just one of several new insurgent movements for democracy and social justice during the late 1950s and early 1960s and it must be understood in the context of other causes and organizations in the United States and abroad that inspired its founding manifesto the Port Huron Statement In *A New Insurgency The Port Huron Statement and Its Times* a diverse group of more than forty scholars and activists take a transnational approach in order to explore the different though often interconnected campaigns that mobilized people along varied racial ethnic gender and regional dimensions from the birth of the New Left in the civil rights and pacifist agitation of the 1950s to the Occupy movements of today This volume features three never before published manifesto drafts written by Tom Hayden in early 1962 that generated the discussion leading to the Port Huron meeting Other highlights include recollections from leading women in the Port Huron deliberations who three years later protested the subordination of women within the radical movements thus setting the stage for the rise of women's liberation *A New Insurgency* is based on the University of Michigan's conference commemorating the fiftieth anniversary of the Port Huron Statement in 2012 Blurb The fiftieth anniversary of the Port Huron Statement has drawn a great number of reflections and commemorations but this carefully conceived volume offers an account of unrivaled ambition exceptional breadth and surprising insight It both excavates the event itself vividly perceptively exhaustively and gives it the largest and most illuminating of contexts *A New Insurgency* is as close to definitive as any volume of this kind can become Geoff Eley Karl Pohrt Distinguished University Professor of Contemporary History University of Michigan *A New Insurgency*, 2012

Heavy Radicals: The FBI's Secret War on America's Maoists Aaron J. Leonard, 2022-11-25 *Heavy Radicals* The FBI's Secret War on America's Maoists is a history of the Revolutionary Union Revolutionary Communist Party the largest Maoist organization to arise in the US from its origins in the explosive year of 1968 its expansion into a national organization in the early 70s its extension into major industry throughout the early part of that decade and the devastating schism in the aftermath of the death of Mao Tse tung to its ultimate decline as the 1970s turned into the 1980s From its beginnings the grouping was the focus of J Edgar Hoover and other top FBI officials for an unrelenting array of operations Informant penetration setting organizations against each other setting up phony communist collectives for infiltration and disruption planting of phone taps and microphones in apartments break ins to steal membership lists the use of FBI friendly journalists such as Victor Riesel and Ed Montgomery to undermine the group and much more It is the story of a sizable section of the radicalized youth whose radicalism did not disappear at the end of the 60s and of the FBI's largest and up to now untold campaign against it *Authoritarianism in All its Guises* Daniel Burston, Kurt Jacobsen, 2025-03-31 *Authoritarianism in All its Guises* provides an interdisciplinary assessment of contemporary experiences of authoritarianism Drawing on psychoanalysis and critical theory contributors from a range of academic backgrounds consider authoritarianism as it manifests in a range of

movements and contexts The chapters investigate interrogate and in some cases clash creatively and revealingly over the meanings of contemporary experiences of authoritarianism across the political spectrum The issues raised here not only compel us to come to grips with and clarify what constitutes modern authoritarianism but also what defines the Left in this stubbornly neoliberal age Authoritarianism in All its Guises will be essential reading for academics and students of psychoanalysis political and social psychology sociology history and media and cultural studies

Marxism and America Christopher Phelps, Robin Vandome, 2021-06-08 In *Marxism and America* an accomplished group of scholars reconsiders the relationship of the United States to the theoretical tradition derived from Karl Marx In brand new essays that cover the period from the nineteenth century when Marx wrote for American newspapers to the present when a millennial socialism has emerged inspired by the presidential campaigns of Bernie Sanders the contributors take up topics ranging from memory of the Civil War to feminist debates over sexuality and pornography Along the way they clarify the relationship of race and democracy the promise and perils of the American political tradition and the prospects for class politics today *Marxism and America* sheds new light on old questions helping to explain why socialism has been so difficult to establish in the United States even as it has exerted a notable influence in American thought

Solidarity across the Americas Margaret M. Power, 2023-02-16 The Puerto Rican Nationalist Party PNPR understood that to successfully establish an independent nation it needed to generate solidarity across the Americas with its struggle against US colonial rule It invested significant energy personnel and resources in attending regional conferences distributing its literature throughout the hemisphere creating solidarity committees presenting its case to elected officials and the general public and promoting the causes of oppressed peoples The hemispheric outpourings of solidarity with Puerto Rican independence have been obscured by larger later liberation movements as well as the anticolonial party's ultimate failure to achieve independence However as this book shows they were nonetheless central to anti imperialists nationalists and revolutionaries from New York City to Buenos Aires Margaret M Power's new history of the PNPR focuses on how it built a broad movement with active networks in virtually all of Latin America much of the Caribbean and New York City This hemispheric view introduces a sprawling transnational network nurtured by the PNPR from its founding in 1922 through its military actions of the 1950s and beyond that included individuals parties organizations and governments throughout the Americas and it resituates the Puerto Rican nationalist movement as a transnational revolutionary influence and force

Rethinking Social Movements after '68 Belinda Davis, Friederike Brühöfener, Stephen Milder, 2022-07-08 The year 1968 has widely been viewed as the only major watershed moment during the latter half of the twentieth century *Rethinking Social Movements after '68* takes on this conventional approach exploring the spaces practices organization ideas and agendas of numerous activists and movements across the 1970s and 1980s From the Maoist Communist League to the women's movement youth center movement and gay liberation movement established and emerging scholars across Europe and North America shed new light on the development of

modern European popular politics and social change Don't Call Us Girls Barbara Leonora Tischler, 2024-11-30 In a collective voice calling for peace tracing back to pre World War II Don t Call Us Girls follows the protests of women and their allies from the White House to the Arc de Triomphe heralding their impact on today s world Don t Call Us Girls examines the importance of women s participation in the Civil Rights Movement in the United States and the international anti war movement This collective voice for peace and an end to nuclear proliferation reached back to before the Second World War and then firmly embedded itself during the war years when women assumed such important roles in the workplace that Franklin D Roosevelt called them the Arsenal of Democracy When the men returned from war women were encouraged by forces as powerful as government agencies and eminent psychiatrists to return to their place at home And return home they did only to realize that they could use the skills they practiced as housewives to begin organizing themselves into groups that would start a wave of protest action that swept through the late 1950s gathering up the Civil Rights Movement as it hurtled ever forward through the next two decades In the 1960s and 1970s no institution or convention was sacred many aspects of women s lives were fair game for criticism protest and change In this no holds barred era women debated everything from international nuclear policies pay equity and child care for women to reproductive rights and sexual politics They protested in the streets outside the White House in Trafalgar Square at the Arc de Triomphe on university campuses and just about anywhere else they would be heard They were tired of the role society had cast for them and they would not rest until they saw the substantial change that seemed promising with the emergence of Second Wave Feminism in the 1970s While we still live in a patriarchal society we have these women to thank for many of the freedoms we now enjoy If they have taught us anything it is never to stop pushing back against the patriarchy and to rest only when we are truly equal The final chapter of Don t Call Us Girls reminds us that there is still a lot of work to do *The Discovery of the Third World* Christoph Kalter, 2016-09-12 This book explores the emergence of Third Worldism as a new intellectual movement during the era of decolonisation and the Cold War **New Mexico's Moses** Ramón A. Gutiérrez, 2022-06 In New Mexico s Moses Ram n A Guti rrez dives deeply into Reies L pez Tijerina s religious formation during the 1940s and 1950s illustrating how his Pentecostal foundation remained an integral part of his psyche even as he migrated toward social movement politics An Assemblies of God evangelist turned Pentecostal itinerant preacher Tijerina used his secularized apocalyptic theology to inspire the dispossessed heirs of Spanish and Mexican land grants fighting to recuperate ancestral lands throughout northern New Mexico and the Southwest Using Tijerina s collected sermons Guti rrez demonstrates the ways in which biblical prophecy influenced Tijerina throughout his life from his early days as a preacher to his leadership of the Alianza Federal de Mercedes Tijerina sought justice for those who had lost their lands and was determined to eradicate the most egregious forms of racism and to valorize the language and culture of mexicanos Translated into English for the first time here Tijerina s sermons serve as a blueprint for the religious origins of the Mexican American Civil Rights Movement
