BMW Cars 1945 to 2013 Trevor Alder, 2025-07-15 A comprehensive pictorial history of BMW cars covering the post war models right through to 2013 when electric and hybrid models started to make an appearance The detailed text covers all model ranges and includes full specs colour variations and styling details Illustrations include period photographs advertising brochures and original drawings Complementing the historical content are technical specifications ongoing production changes and build figures making this the ideal reference work for model identification and authenticity Appendices cover model designations motorsport achievements and TV movie appearances This title is a bookshelf must for anyone interested in BMW motoring heritage [Autocross Performance Handbook](#) Richard Newton, Autocross is open to just about anyone with a helmet and a car Aimed at all those autocross drivers who race the cars they drive every day this thorough and easy to follow handbook covers everything from choosing the best class and car for competing to tuning modifying and racing that car Richard Newton an ASE certified Master Technician talks in a reader friendly fashion about what can be done why it should be done and what might need to be altered when conditions change He discusses the rule book and driving techniques used in autocross events Featuring helpful full color illustrations this guide covers all engine drivetrain combinations and focuses on car subsystems including engine suspension wheels and tires and brakes among others The book includes drawings of course set ups as well as a complete reference appendix **The Complete Book of BMW** Tony Lewin, The Complete Book of BMW is a master work The word definitive is a bold claim but this book should be viewed in this light It is the most comprehensive survey of BMW Group models from the 501 right up to this year s 1 and 6 Series published in the English language Data tables covering specifications production volumes and prices will be invaluable to the BMW enthusiast and the layout and production volumes are second to none Tony Lewin deserves high praise for this outstanding book Chris Willows Corporate Communications Director BMW Great Britain BMW is the most remarkable phenomenon to hit the auto industry in a generation Celebrated for its luxury sports cars motorcycles and aero engines in the pre war era it squandered its glamorous heritage in the 1950s on its knees and near bankrupt it was rejected as a lost cause when offered by desperate banks to Mercedes Benz But thanks to a wealthy German aristocrat a brilliant engineer and a young and inspirational manager Mercedes would soon regret not having scooped up the once glorious firm pioneering the concept of the compact high quality sports saloon the visionary new team systematically built BMW into the spectacular success we know today Through the most expressive medium of all the cars themselves The Complete Book of BMW tells the story of one of the most remarkable turnarounds of the century From the iconic 2002tii of the 1960s through the mighty M3 of the 1990s to today s born again MINI and the crowning glory of the Rolls Royce Phantom Every model since 1962 Technical specifications and performance data Production and sales data Key decisions that made BMW great Von Kuenheim s brilliant template Taking technology leadership 1 600 color photographs The new focus premium at every level About the

Author Tony Lewin is an automotive writer and commentator specializing in the business and design sides of the auto industry. He has reported on the automobile sector for more than two decades as editor of industry publications such as *What Car*, *Financial Times Automotive World* and *World Automotive Manufacturing* and as a regular columnist in magazines and newspapers in Europe, Japan and the United States.

The Complete Book of BMW tells the remarkable story of the company and its cars. From the luxury sports cars and motorcycles of the pre-war era through its rebirth at the hands of a wealthy German aristocrat, a brilliant engineer and an inspired manager during the past two decades, the book uses the most expressive medium of all: the cars themselves to illustrate the story of one of the most remarkable turnarounds in automotive history.
