

Step 7

Mascara

Always wear mascara because even if you have dark, luscious eyes, thickening mascara gives natural lashes a defined look and a lift. If you have a sparse full set, the mascara will add definition and will prevent fraying when styling and brushing mascara. There's no wrong way to apply mascara. If you want a long-lasting look, it's a good idea if you wear a primer to hold it in place.

When applying mascara, hold the brush over your eye and wiggle the brush from the base of the lashes to the tips. Wiggle the brush to coat all segments of the lashes and push through. Repeat application to both eyes.

If you choose to curl the lashes, it's best before applying mascara. Curling before also applies mascara over the curl.

The thick mascara makes the most impact. Repeat brush for a better look.

Step 8

Blush

Always add a natural shade of blush to the apples of cheeks. Blend up toward the hairline, down toward the under-eye area.

For long-lasting results, have a mix of long-lasting and short.

For an extra glow, first, a shimmer powder on the cheekbones with a few blusher brush, or use a shimmer blusher applied with your fingers.

Use a brush off your powder blush from your face. Avoid further applying. If it seems to light color, mix the light blusher with the darker shade color and apply over.

The sugar or cream blush is a good option for the skin.

To add a warm tone to skin, use a blusher on areas where the sun normally hits the face—cheeks, forehead, nose, and chin.

Step 9

Lipstick

Start with clean, smooth lips.

Several lipstick shades and about four times can be applied. Apply from the inner corner of lip toward the outer corner. Apply from the outer corner toward the inner corner. Apply from the inner corner toward the outer corner.
