A Politics Of Impossible Difference A Politics Of Impossible Difference:

A Politics of Impossible Difference Penelope Deutscher, 2018-08-06 The influential philosopher and theorist Luce Irigaray has been faulted for giving more importance to sexual difference than to race and multiculturalism Penelope Deutscher's eagerly awaited book the first to focus on the scholar's controversial later works addresses this charge Through a learned critique of these lesser known writings the book examines Irigaray's claim that the politics of feminism and multiculturalism are intrinsically linked The volume also serves as a clear and comprehensive introduction to her entire corpus In her recent works Irigaray promotes sexual difference as the philosophical basis for legal political and linguistic reform Deutscher explores this approach and in particular Irigaray's view that the very notion of difference is culturally impossible Taking this concept of impossibility into consideration Deutscher evaluates Irigaray's contributions to contemporary debates about the politics of identity recognition diversity and multiculturalism In a balanced discussion she considers the philosopher's work from the perspective of fellow critics including Michèle Le Doeuff Drucilla Cornell Jacques Derrida Judith Butler and Charles Taylor

Justifying Same-Sex Marriage Louise Richardson-Self, 2015-05-29 There is massive public interest in same sex marriage a controversial topic that is rarely out of the media This book investigates the extent to which legalizing same sex marriage can contribute to ending the discrimination and social stigma faced by lesbian gay bisexual and transgender men and women LGBT in the Western world This issue breaks down into several further questions can marriage equality be defended without reinforcing the idea that marriage is the most only valuable form of intimate relationship Can marriage equality be defended without further marginalizing non conforming LGBT people What kind of equality should LGBT people strive for What critical agency might they lose when this equality is achieved What institutional legacies should we embrace The book focuses on human rights arguments supporting same sex marriage and questions whether they are likely to both justify legal change and encourage shifts in the sociopolitical reception of LGBT people After critically analyzing various arguments in favor of same sex marriage the author puts forward a justification that allows for marriage equality and does not result in the assimilation of queer identities into heteronormative identity **Sexual Difference Between**

Psychoanalysis and Vitalism Arun Saldanha, Hoon Song, 2015-03-24 Throughout the twentieth century psychoanalysis and feminism were the practico intellectual fields most systematic and subversive in demonstrating that humanity is sexually fissured More recently further advances in the philosophy of difference and renewed emphases on embodiment materiality and life offer possibilities for attending to dimensions of gender and sexuality that were previously underdeveloped This collection examines these possibilities insofar as they can either deepen or displace the traditional centrality of psychoanalysis in matters sexual The authors come from a wide range of backgrounds and defend their approaches to the problem of sexual difference in a variety of idioms drawing on key thinkers such as Lacan Irigaray Deleuze Foucault and Badiou It is rare to come across these thinkers together but sex is too crucial a site for critical thought not to mobilize every

conceptual power available This book was originally published as a special issue of the journal *Angelaki The Journal of the Theoretical Humanities* **Encountering Transcendence** Lieven Boeve, Hans Geybels, Stijn Van den Bossche, 2005 This volume consists of several contributions to a refined understanding of religious experience in view of contemporary theological epistemology Diverse sample studies taken from the extensive field of religion theology and religious studies reveal that religious experience is today clearly a pivotal issue More specifically this is made evident in modern theological hermeneutics and in the anti modern and or post modern reactions thereto the theology of world religions and inter religious dialogue the contemporary resurgence of religiosity in Western society and culture and the so called turn to religion in contemporary continental philosophy It would appear from such studies that the category of religious experience is frequently called upon to clarify or explain the phenomenon of religion and religiosity on the one hand and to support and legitimise religious positions or the critique thereof on the other Because of the loss of plausibility of tradition bound religiosity and of foundational so called onto theological schemes religious experience has come to constitute for many the last or latest point of departure and anchor for religion and religious thinking This is certainly the case with respect to tendencies within contemporary Christian traditions and theological reflection In a multitude of ways and from a variety of different perspectives religious experience and experience of transcendence or of the divine have gained a prominent place in philosophical and fundamental theological conceptual schemes In reaction to this other authors have denied the very primacy given to religious experience in reflecting upon faith pointing to the constitutive role of tradition and narrative without which there is no religious experience From all this follows that the category of religious experience is in great need of reconceptualisation not least from a theological point of view On the one hand religious experience is all too easily called upon to legitimise religious claims often against tradition and on the other hand the category has become misleading in so far as it is tainted by the modern scientific understanding of experience in reaction to which tradition is then easily invoked to protect the core of religion Both young scholars at the preceding junior conference and senior scholars during the conference s paper sessions presented from diverse perspectives new ways to conceive of religious experience in view of today s challenges of secularisation religious plurality the aestheticisation of religion etc The selected contributions have been arranged in four thematically oriented parts Approaching Religious Experience in a Postmodern Age Modern re Thinking of Religious Experience Liberating Religious Experience and Challenges for Spirituality *Where Are the Women?* Sarah Tyson, 2018-10-16 Philosophy has not just excluded women It has also been shaped by the exclusion of women As the field grapples with the reality that sexism is a central problem not just for the demographics of the field but also for how philosophy is practiced many philosophers have begun to rethink the canon Yet attempts to broaden European and Anglophone philosophy to include more women in the discipline s history or to acknowledge alternative traditions will not suffice as long as exclusionary norms remain in place In *Where Are the Women* Sarah Tyson makes a powerful case for how

redressing women's exclusion can make philosophy better. She argues that engagements with historical thinkers typically afforded little authority can transform the field outlining strategies based on the work of three influential theorists: Genevieve Lloyd, Luce Irigaray, and Michèle Le Doeuff. Following from the possibilities they open up at once literary, linguistic, psychological, and political, Tyson reclaims two passionate nineteenth-century texts: the Declaration of Sentiments from the 1848 Seneca Falls Convention and Sojourner Truth's speech at the 1851 Akron Ohio Women's Convention, showing how the demands for equality, rights, and recognition sought in the early women's movement still pose quandaries for contemporary philosophy, feminism, and politics. Where Are the Women challenges us to confront the reality that women's exclusion from philosophy has been an ongoing project and to become more critical both of how we see existing injustices and of how we address them.

Becoming Two in Love Roland J. De Vries, 2013-07-25 This book draws Søren Kierkegaard and Luce Irigaray into conversation on the nature and ethics of sexual difference. While these two initially seem like doubtful dialogue partners, the conversation between them yields a rich and compelling account of intersubjectivity between man and woman, an account that moves beyond the limited and tired debate over egalitarianism vs. complementarianism. Through engagement with Irigaray and Kierkegaard, this book develops a constructive theological ethics of sexual difference that focuses on an epistemological and subjective gap that sets man and woman at a decisive distance from each other. They are a mystery to each other. Yet it is also an ethical framework that allows woman and man to encounter one another in ways that respect the independence, subjectivity, and becoming of each. Above all, this is a theological ethics of sexual difference that centers on Jesus Christ, who is defined as the middle term in every relationship and whose love command defines the encounter between man and woman in difference.

Differences Emily Anne Parker, Anne van Leeuwen, 2017-10-11 The essays in this volume seek to resituate the work of Simone de Beauvoir and Luce Irigaray both historically and in light of the demands of contemporary feminist theory by examining unexplored aspects of their thought. Authors also highlight the commonalities in thought between the two philosophers, articulating points of dialogue in logic, ethics, and politics.

Irigaray Rachel Jones, 2011-04-25 The work of French philosopher Luce Irigaray has exerted a profound influence on feminist thinking of recent decades and provides a far-reaching challenge to western philosophy's entrenched patriarchal norms. This book guides the reader through Irigaray's critical and creative transformation of western thought. Through detailed analysis of her most important text, *Speculum of the Other Woman*, Rachel Jones carefully examines Irigaray's transformative readings of such icons of the western tradition as Plato, Descartes, Kant, and Hegel. She shows that these readings underpin Irigaray's claim that western philosophy has been dependent on the forgetting of both sexual difference and of our singular beginnings in birth. In response, Irigaray seeks to recover a positive account of sexual difference which would release woman from her traditional position as the other of the subject and allow her to speak as a subject in her own right. In a sensitive reading of Irigaray's work, Jones shows why this distinctively feminist project necessarily involves the transformation of the fundamental

terms of western metaphysics By foregrounding Irigaray s approach to questions of otherness and alterity she concludes that for Irigaray cultivating an ethics of sexuate difference is the condition of ethical relations in general Lucidly and persuasively written this book will be an invaluable resource for students and scholars seeking to understand Irigaray s original contribution to philosophical and feminist thought **Solidarity and Difference** George Trey,1998-01-01 Transcends the dichotomy between modernism and postmodernism by arguing for an ethically based notion of solidarity tolerant of radical difference *Copula* Robyn Ferrell,2006-06-29 Explores the conceptual schema underlying our understanding of reproductive technologies
