An Uncommon Conversation An Uncommon Conversation:

An Uncommon Dialogue Debra J. Drake, 2005 A gripping autobiographical account of two years spent in psychotherapy to deal with childhood sexual abuse this uplifting story is written in two parts as a dialogue between the patient and her psychiatrist and as a conversation with her mother and sister The emotions accompanying the narrator's prolonged sexual abuse as a child by her mother's sexual partners slowly unravel and it becomes clear that her mother was aware of the abuse but failed to protect her daughter Initially a naive overwhelmed and confused child unable to keep a job or develop relationships the author eventually grows into a clear thinking adult aware of her past and capable of understanding its psychological implications

The Apprentice of Peace: An Uncommon Dialogue Ronnie 'Qi' Harvey, Pos 'Lu Chan', 2014-08-31 The Apprentice of Peace An Uncommon Dialogue is a unique platform from which we can all learn and grow and find the peace missing in our life Oftentimes we are distracted with the different facets of life and compromise our self peace This book speaks to some of the circumstances that disrupt our peace and provides a blueprint to reclaim it

Conversations with God, Books 2 & 3 Neale Donald Walsch, 2014-09-01 Neale Donald Walsch didn't claim to be special or spiritually gifted He was just a frustrated man who sat down one day with pen in his hand and some tough questions in his heart As he wrote his questions to God he realized that God was answering them directly through Walsch's pen And the result was a series of witty provocative and profound books that have changed the lives of readers around the world Here in one handsome volume are the second two books in the Conversations with God series In Conversations with God 2 Neale Donald Walsch and God continue their discussion and move on to larger topics than the personal issues addressed in Conversations with God 1 The pair discusses time space politics and even kinky sex It is an honest look at some of the broad issues important to all of us on the planet In Conversations with God 3 final book of the original three book series universal truths of the highest order and the challenges and opportunities of the soul In this volume the dialogue expands to include more about the nature of God about love and fear about who we are and who we may become Here is also a profound dialogue about the culture philosophy and spirituality of highly evolved beings some of whom we presently call aliens or ETs in other realms of the universe and how they have learned to view life love and the pursuit of happiness

Conversations With God, Book 2 Neale Donald Walsch, 2020-09-01 How to deal with twenty first century challenges individually and globally The Conversations with God books are among the most popular spirituality books published in the past 50 years They have sold millions of copies in over two dozen languages around the world For those who seek to explore the nature of God the universe and the meaning of existence here are the questions that everyone wants to ask and here are the answers that not only make sense but also speak directly to the heart with observations that ring true In the introduction to Conversations with God Book 1 Neale Donald Walsch was told that Book 2 would deal with more global challenges now facing the world This is a book that looks at the big picture What is here is a proposed paradigm shift to change the political

and spiritual constructs that people have manifested on this planet This is the challenge of the book Now is the time to reclaim yourself Now is the time to see yourself again as Who You Really Are and thus render yourself visible again For when you and your true relationship with God become visible then We are indivisible And nothing will ever divide Us again
