Ancient Jewish Magic Ancient Jewish Magic:

Studies in Ancient Jewish Magic Jonathan Lee Seidel, 1996 **Ancient Jewish Magic** Gideon Bohak, 2008 Ancient Jewish Magic Gideon Bohak, **The Mechanics of Providence** Michael D. Swartz, 2018-10-29 The phenomena we call magic and mysticism had a profound effect on the shaping of Judaism in late antiquity In this volume Michael D Swartz offers a wide ranging study of the purposes world views ritual dynamics literary forms and social settings of ancient Jewish magic and mysticism and their function in religion and history Based on the author s studies over the past few decades he proposes innovative methods for the study of these two phenomena The author focuses especially on the rituals of early Jewish magic and mysticism their social contexts and the textual dimension of this complex literature He also offers introductions to these phenomena Michael D Swartz argues that the authors of these texts employed intricate technologies literary and artistic forms and physical practices to negotiate between the values and world views of their cultures and the texture of everyday life **Jewish Magic Before the Rise of Kabbalah** Yuval Harari, 2017-06-02 A comprehensive study of Jewish magic in the late antiquity and the early Islamic period the phenomenon the sources and method for its research and the history of scholarly investigation into its nature and origin Magic culture is certainly fascinating But what is it What in fact are magic writings magic artifacts Originally published in Hebrew in 2010 *Jewish Magic Before the Rise of Kabbalah* is a comprehensive study of early Jewish magic focusing on three major topics Jewish magic inventiveness the conflict with the culture it reflects and the scientific study of both The first part of the book analyzes the essence of magic in general and Jewish magic in particular The book begins with theories addressing the relationship of magic and religion in fields like comparative study of religion sociology of religion history and cultural anthropology and considers the implications of the paradigm shift in the interdisciplinary understanding of magic for the study of Jewish magic The second part of the book focuses on Jewish magic culture in late antiquity and in the early Islamic period This section highlights the artifacts left behind by the magic practitioners amulets bowls precious stones and human skulls as well as manuals that include hundreds of recipes *Jewish Magic before the Rise of Kabbalah* also reports on the culture that is reflected in the magic evidence from the perspective of external non magic contemporary Jewish sources Issues of magic and religion magical mysticism and magic and social power are dealt with in length in this thorough investigation Scholars interested in early Jewish history and comparative religions will find great value in this text *Three Works of Ancient Jewish Magic* Gaster Moses, 1986 *Three Works of Ancient Jewish Magic* Samuel Daiches, 1986 Jewish Love Magic Ortal-Paz Saar, 2017-08-28 *Jewish Love Magic* From Late Antiquity to the Middle Ages is the first monograph dedicated to the supernatural methods employed by Jews in order to generate love grace or hate Examining hundreds of manuscripts often unpublished Ortal Paz Saar skillfully illuminates a major aspect of the Jewish magical tradition The book explores rituals spells and important motifs of Jewish love magic repeatedly comparing them to the Graeco Roman and Christian traditions In addition to recipes and amulets in

Hebrew Aramaic and Judaeo Arabic primarily originating in the Cairo Genizah also rabbinic sources and responsa are analysed resulting in a comprehensive and fascinating picture Due to the general neglect of the topic in previous scholarship the richness of the research corpus and the scientific precision of the author Saar's Jewish Love Magic is an important volume that should be on the shelf of every scholar focusing on ancient Jewish magic but also on Jewish culture and cultural history in general Furthermore the book is an enjoyable read also for a non specialist audience thanks to its clarity and fluency Alessia Belusci Yale University in Journal of Semitic Studies 64 2 2019 This is a valuable foray into the relationship between institutionalised religion and magic and the complex question of legitimacy Overall the book presents a compelling case for the existence of Jewish love magic Ann Jeffers Journal for the Study of the Old Testament 43 5 2019

Guide to the Study of Ancient Magic David Frankfurter, 2019-03-19 In the midst of academic debates about the utility of the term magic and the cultural meaning of ancient words like mageia or khesheph this Guide to the Study of Ancient Magic seeks to advance the discussion by separating out three topics essential to the very idea of magic The three major sections of this volume address 1 indigenous terminologies for ambiguous or illicit ritual in antiquity 2 the ancient texts manuals and artifacts commonly designated magical or used to represent ancient magic and 3 a series of contexts from the written word to materiality itself to which the term magic might usefully pertain The individual essays in this volume cover most of Mediterranean and Near Eastern antiquity with essays by both established and emergent scholars of ancient religions In a burgeoning field of magic studies trying both to preserve and to justify critically the category itself this volume brings new clarity and provocative insights This will be an indispensable resource to all interested in magic in the Bible and the Ancient Near East ancient Greece and Rome Early Christianity and Judaism Egypt through the Christian period and also comparative and critical theory Contributors are Magali Bailliot Gideon Bohak Vronique Dasen Albert de Jong Jacco Dieleman Esther Eidinow David Frankfurter Fritz Graf Yuval Harari Naomi Janowitz Sarah Iles Johnston Roy D Kotansky Arpad M Nagy Daniel Schwemer Joseph E Sanzo Jacques van der Vliet Andrew Wilburn
