

Anecdotal Evidence

The use of informal examples to support an argument or position.

Overview

- Personal testimonies whereby one person says something about their subjective experience.
- Word of mouth whereby stories are spread from person to person, often with each person changing the narrative a little.
- Eyewitness accounts from individuals who witnessed an event.
- Folklore such as myths or truisms that have their roots in historical storytelling.
- Confirmation bias and the tendency to seek out evidence to confirm your beliefs.
- Proof by example whereby you offer a few statistically insignificant examples as "proof."
- Anecdotal evidence can have some value. For example, it is often used as a starting point for research or investigation.

Examples

1. A friend tells you that lemon water makes them more energetic.
2. A rumor about a colleague at work.
3. The testimony of someone who witnessed an accident.
4. A local myth that couples who go on a particular theme park attraction together always end up breaking up.
5. You believe that paper is stronger than wood so you search social media for "paper is stronger than wood" to try to find someone who can confirm your belief.
6. A professor suggests that earthquakes are good for the economy and gives one example of economic growth that occurred in a region after a big earthquake.
7. A research project investigates the traditional belief that a food has particular health benefits.

Chinese Thought as Global Theory Leigh Jenko, 2016-05-12 With a particular focus on Chinese thought this volume explores how and under what conditions so called non Western traditions of thought can structure generally applicable social and political theory Reversing the usual comparison between local Chinese application and universal theory the work demonstrates how Chinese experiences and ideas offer systematic insight into shared social and political dilemmas Contributors discuss how medieval Chinese understandings of causal heterogeneity can relieve impasses within contemporary historiography how current economic and social conditions in China respond proactively to the future configuration of world markets and how hybrid modes of cross cultural engagement offer new foundations for the enterprise of learning from cultural others Each chapter works from Chinese perspectives to theorize the location of knowledge its conditions of production and the modes through which its content or adequacy is legitimated challenged and sustained Rather than reproducing Eurocentric knowledge production in Chinese form the mobilization of Chinese thought as a generally applicable body of theory actually breaks down clear boundaries between Chinese and non Chinese thought

Contemporary Rhetorical Theory John Louis Lucaites, Celeste Michelle Condit, Sally Caudill, 1999-01-01 This indispensable text brings together important essays on the themes issues and controversies that have shaped the development of rhetorical theory since the late 1960s An extensive introduction and epilogue by the editors thoughtfully examine the current state of the field and its future directions focusing in particular on how theorists are negotiating the tensions between modernist and postmodernist considerations Each of the volume's eight main sections comprises a brief explanatory introduction four to six essays selected for their enduring significance and suggestions for further reading Topics addressed include problems of defining rhetoric the relationship between rhetoric and epistemology the rhetorical situation reason and public morality the nature of the audience the role of discourse in social change rhetoric in the mass media and challenges to rhetorical theory from the margins An extensive subject index facilitates comparison of key concepts and principles across all of the essays featured

Anecdotal Modernity James Dorson, Florian Sedlmeier, MaryAnn Snyder-Körber, Birte Wege, 2020-12-16 Modernity is made and unmade by the anecdotal Conceived as a literary genre a narrative element of criticism and most crucially a mode of historiography the anecdote illuminates the convergences as well as the fault lines cutting across modern practices of knowledge production The volume explores uses of the anecdotal in exemplary case studies from the threshold of the early modern to the present

The Hypothetical Mandarin : Sympathy, Modernity, and Chinese Pain Eric Hayot Associate Professor of Comparative Literature and Director of the Program in Asian Studies Pennsylvania State University, 2009-03-27 Why has the West for so long and in so many different ways expressed the idea that the Chinese have a special relationship to cruelty and to physical pain What can the history of that idea and its expressions teach us about the

politics of the West's contemporary relation to China And what does it tell us about the philosophy of modernity The Hypothetical Mandarin is in some sense a history of the Western imagination It is also a history of the interactions between Enlightenment philosophy of globalization of human rights and of the idea of the modern Beginning with Bianchon and Rastignac's discussion of whether the former would if he could obtain a European fortune by killing a Chinese mandarin in Balzac's Le Pere Goriot 1835 the book traces a series of literary and historical examples in which Chinese life and European sympathy seem to hang in one another's balance Hayot's wide ranging discussion draws on accounts of torture on medical case studies travelers tales photographs plasticized corpses polemical broadsides watercolors and on oil paintings His analyses show that the historical connection between sympathy and humanity and indeed between sympathy and reality has tended to refract with a remarkable frequency through the lens called China and why the story of the West's Chinese pain goes to the heart of the relation between language and the body and the social experience of the modern human being Written in an ebullient prose The Hypothetical Mandarin demonstrates how the network that intertwines China sympathy and modernity continues to shape the economic and human experience

Feminist Technical Communication Erin Clark, 2024-01-15 Feminist Technical Communication introduces readers to technical communication methodology demonstrating how rhetorical feminist approaches are vital to the future of technical communication Using an intersectional and transcultural approach Erin Clark fuses the well documented surge of work in feminist technical communication throughout the 1990s with the larger social justice turn in the discipline The first book to situate feminisms and technical communication in relationship as the focal point Feminist Technical Communication traces the thread of feminisms through technical communication's connection to social justice studies Clark theorizes slow crisis a concept made readable to technical communicators by apparent feminisms that can help technical communicators readily recognize and address social justice problems Clark then applies this framework to the Deepwater Horizon Disaster an extended crisis that has been publicly framed by a traditional view of efficiency that privileges economic impact Through rich description of apparent feminist information gathering techniques and a layered analysis this study offers application far beyond this single disaster making available new crisis response possibilities that consider the economy without eliding ecological and human health concerns Feminist Technical Communication offers a methodological approach to the systematic interrogation of power structures that operate on hidden misogynies This book is useful to technical communicators scholars of technical communication and rhetoric and readers interested in gender studies and public health and is an ideal text for graduate level seminars focused on feminisms social justice and cultural studies

Sexuality, Disability, and Aging Jane Gallop, 2018-12-13 Drawing on her own experiences with late onset disability and its impact on her sex life along with her expertise as a cultural critic Jane Gallop explores how disability and aging work to undermine one's sense of self She challenges common conceptions that equate the decline of bodily potential and ability with a permanent and irretrievable

loss arguing that such a loss can be both temporary and positively transformative With Sexuality Disability and Aging Gallop explores and celebrates how sexuality transforms and becomes more queer in the lives of the no longer young and the no longer able while at the same time demonstrating how disability can generate new forms of sexual fantasy and erotic possibility
