Behold The Pierced One:

Behold the Pierced One Joseph Ratzinger, 2011-01-18 In this profound and illuminating work Joseph Cardinal Ratzinger turns the gaze of an accomplished theologian upon the crucified Savior This synthetic and meditative work is theological without being abstract or dry and spiritual without being sentimental The pierced heart of Christ must be the heart of theology and Christian life as well Proceeding from the prayerful dialogue between the Incarnate Son and his Eternal Father Joseph Ratzinger shows how one can approach the mystery of the Heart of Christ only through the imitation of this prayer To know and understand Jesus we must participate in his prayer The prayer of Christ must be the interior life of all who are joined to him in his Body the Church Using the Old and New Testaments and the Church Fathers Ratzinger shows that the ecclesial community the Church was born from the pierced Heart of Christ on the Cross *The Eschatological Person* Andrew T. J. Kaethler, 2022-07-12 Both Alexander Schmemmann and Joseph Ratzinger insist that the human person remains shrouded in mystery without God's self disclosure in the person of Jesus Christ Like us Jesus lived in a particular time and location and therefore time and temporality must be part of the ontological question of what it means to be a human person Yet Jesus the one who has time for us ascended to the Father and the bride of Christ awaits his return and therefore time and temporality are conditioned by the eschatological With this in mind the ontological question of personhood and temporality is a question that concerns eschatology how does eschatology shape personhood Bringing together Schmemmann and Ratzinger in a theological dialogue for the first time this book explores their respective approaches and answers to the aforementioned question While the two theologians share much in common it is only Ratzinger's relational ontological approach that by being consistently relational from top to bottom consistently preserves the meaningfulness of temporal existence BEHOLD THE PIERCED ONE Joseph Ratzinger, 1984 *The Benedict Proposal* Joshua Brumfield, 2020-05-06 How ought the church respond to the rise of a post Christian secular age Should it retreat What is the mission of the church in this context Joseph Ratzinger's eucharistic ecclesiology provides a model for living the relation between communion and mission a model that provides a sound image for conceiving of and imagining the church's engagement with modernity and the embodiment of missionary communion Ratzinger's vision deeply influenced by St Benedict's and St Augustine's responses to the problems of their day offers a theologically and liturgically grounded vision of missionary communion that transcends politics In light of our creation by and for the triune God authentic responses to the present disintegration of reason and community require the witness and invitation of the church as a community for the world Ratzinger argues that right worship can and does habituate Christians and equip churches to respond to the existential questions confronting modern persons many of whom seem partially paralyzed by the anxieties of life without truth and communion Might the witness of communion for mission lived by the new ecclesial movements especially the Focolare offer an example of how Ratzinger's creative minorities can successfully evangelize this secular age **Pro Ecclesia Vol 25-N2** Joseph Mangina, Associate Professor of Theology &

Director of Advanced Degree Studies, Wycliffe College, Toronto, Pro Ecclesia, 2016-06-27 Pro Ecclesia is a quarterly journal of theology published by the Center for Catholic and Evangelical Theology

Healing Fractures in Contemporary Theology Peter John McGregor, Tracey Rowland, 2022-01-20 Since Vatican II the key question that has developed in Catholic theology often unstated or unrecognized is what is theology The thesis presented here is that contemporary theologizing is fractured in many places and to varying degrees These fractures can vary in seriousness between theologians and a particular theologian may suffer from some fractures but not others The fractures addressed here are between theology and spirituality theology and philosophy theology and liturgy the literal and spiritual senses of sacred scripture theology preaching and apologetics theology and ethics theology and social theory dogmatic and pastoral theology theology and the koinonial Christian life theologians and non theologians the generation gap between Gen X and Millennial Post Millennial Catholics and theology and the Magisterium For each of these an attempt is made to examine the symptoms give a diagnosis and write a prescription

Gift to the Church and World John C. Cavadini, Donald Wallenfang, 2021-03-22 Few books in theology have faced the twentieth century with all its horrors and yet convincingly revoiced the redemptive Christian antidote that compels us to reawaken to our true identity as beloved children of God Joseph Ratzinger's 1968 masterpiece Introduction to Christianity is one of those rare books On the fiftieth anniversary of this classic book's publication English speaking scholars from around the globe gathered at the University of Notre Dame to celebrate Ratzinger's lasting influence on the world of Christian theology Bishops priests and lay men and women set their hands to the trowel of tribute honoring the theological legacy of Joseph Ratzinger and the pivotal role he has played in the recent history of the Catholic Church from his early days as a parish priest and university professor all the way to his election to the Chair of Saint Peter as Pope Benedict XVI Readers of this collection Gift to the Church and World will enjoy the beautiful variety of essays penned by notable scholars that decorate the timeless insights of Ratzinger's theological genius Thematic topics include an overview and context of Ratzinger's work fundamental theology philosophical theology dogmatic theology spiritual theology and pedagogy Altogether readers will deepen their appreciation and understanding of the theological contributions of Joseph Ratzinger to the mission field of the New Evangelization today With contributions from Catherine R Cavadini Leonard J DeLorenzo Patrick X Gardner Robert P Imbelli Jennifer Newsome Martin Aaron Pidel Francesca Murphy Anthony J Pagliarini Timothy P O Malley Cyril O Regan Tracey Rowland Richard Schenk HC Anthony C Sciglitano Jr Clemens Sedmak Rudolf Voderholzer

Because He Has Spoken to Us Brad Bursa, 2022-05-11 Pope John XXIII called the Second Vatican Council so that the Church's doctrine might be more widely known more deeply understood and more penetrating in its effects However since the close of the Council in 1965 the results are wanting Rather than announcing the gospel boldly in the present age the Church has been seemingly reduced to silence How did she lose her voice How did the structures of proclamation intended to hand on the Catholic faith devolve and even contribute to vaporizing a Catholic culture Because He

Has Spoken to Us traces such developments from fixed points drawn from the fluid theology of Karl Rahner to their postmodern condition successive steps that usher in the crisis by subduing dismissing and silencing the tradition This postconciliar anthropocentric structure can now be better understood critiqued and displaced by a Ratzingerian approach Rather than embracing a given demanded by contemporary context Ratzinger proposes the revelation of the Logos in Jesus Christ as the given the true object of Christian faith His alternate proposal requires the courage to face the full scope of the Christian structure accessed through the Church s tradition and a willingness to proclaim the gospel personally and with humble confidence

Atonement Margaret M. Turek, 2022-04-16 This book presents the chief insights concerning the mystery of atonement in the works of four theological guides John Paul II Joseph Ratzinger Benedict XVI Hans Urs von Balthasar and Norbert Hoffmann The author argues for the central importance and perennial value of a theology of atonement even as she explains the modern aversion to it The book s central aim is to deepen our understanding of the biblical claim that God shows himself to be love precisely by sending his Son as atonement In this is love not that we loved God but that he loved us and sent his Son as expiation for our sins 1 Jn 4 10 The book develops a compelling vision of atonement as a process that originates from and is engendered by God s own power to love This vision not only takes account of the gravity of sin and its consequences but also provides a clear illumination of the wholly gratuitous radically forgiving passionate and powerful nature of God s redeeming love for mankind Distinct from the majority of theological accounts of atonement which focus almost exclusively on the role of Christ this book highlights the role of God the Father in the atoning mission of the Son

Verbum Domini and the Complementarity of Exegesis and Theology Scott Carl, 2021-09 In *Verbum Domini* his 2010 apostolic exhortation Pope Benedict XVI challenged the church to keep theology firmly rooted in the study of Scripture The essays collected here respond thoughtfully and concretely to that charge together demonstrating that exegesis is essential to the theological task and to faith for scholars students and the broader Church
