The Mythology of the Animal Farm in Children's Literature Stacy E. Hoult-Saros, 2016-07-21 The Mythology of the Animal Farm in Children's Literature Over the Fence analyzes the ways in which myths about farmed animals lives are perpetuated in children's materials Specifically this book investigates the use of five recurring thematic devices in about eighty books for young children published during the past five decades The close readings of texts and images draw on a wide range of fields including animal theory psychoanalytic and Marxian literary criticism child development theory histories of farming and domestication and postcolonial theory In spite of the underlying seriousness of the project the material lends itself to humorous and not overly heavy handed explications that provide insight into the complex workings of a literary genre based on the covering up of real animal lives **Animal Farm**, 2011-03 *Animal Farm* Mary B. Children's Literature and the Posthuman Zoe Jaques,2015-02-11 An investigation of identity formation in children s literature this book brings together children s literature and recent critical concerns with posthuman identity to argue that children s fiction offers sophisticated interventions into debates about what it means to be human and in particular about humanity s relationship to animals and the natural world In complicating questions of human identity ecology gender and technology Jaques engages with a multifaceted posthumanism to understand how philosophy can emerge from children s fantasy disclosing how such fantasy can build upon earlier traditions to represent complex issues of humanness to younger audiences Interrogating the place of the human through the non human whether animal or mechanical leads this book to have interpretations that radically depart from the critical tradition which in its concerns with the socialization and representation of the child has ignored larger epistemologies of humanness The book considers canonical texts of children s literature alongside recent bestsellers and films locating texts such as Gulliver s Travels 1726 Pinocchio 1883 and the Alice books 1865 1871 as important works in the evolution of posthuman ideas This study provides radical new readings of children s literature and demonstrates that the genre offers sophisticated interventions into the nature boundaries and dominion of humanity
