Behind Every Choice Is A Story Behind Every Choice Is A Story:

Liberal Fascism Jonah Goldberg, 2008-01-08 Fascists Brownshirts jackbooted stormtroopers such are the insults typically hurled at conservatives by their liberal opponents Calling someone a fascist is the fastest way to shut them up defining their views as beyond the political pale But who are the real fascists in our midst Liberal Fascism offers a startling new perspective on the theories and practices that define fascist politics Replacing conveniently manufactured myths with surprising and enlightening research Jonah Goldberg reminds us that the original fascists were really on the left and that liberals from Woodrow Wilson to FDR to Hillary Clinton have advocated policies and principles remarkably similar to those of Hitler's National Socialism and Mussolini's Fascism Contrary to what most people think the Nazis were ardent socialists hence the term National socialism They believed in free health care and guaranteed jobs They confiscated inherited wealth and spent vast sums on public education They purged the church from public policy promoted a new form of pagan spirituality and inserted the authority of the state into every nook and cranny of daily life The Nazis declared war on smoking supported abortion euthanasia and gun control They loathed the free market provided generous pensions for the elderly and maintained a strict racial quota system in their universities where campus speech codes were all the rage The Nazis led the world in organic farming and alternative medicine Hitler was a strict vegetarian and Himmler was an animal rights activist Do these striking parallels mean that today's liberals are genocidal maniacs intent on conquering the world and imposing a

new racial order Not at all Yet it is hard to deny that modern progressivism and classical fascism shared the same intellectual roots We often forget for example that Mussolini and Hitler had many admirers in the United States W E B Du Bois was inspired by Hitler s Germany and Irving Berlin praised Mussolini in song Many fascist tenets were espoused by American progressives like John Dewey and Woodrow Wilson and FDR incorporated fascist policies in the New Deal Fascism was an international movement that appeared in different forms in different countries depending on the vagaries of national culture and temperament In Germany fascism appeared as genocidal racist nationalism In America it took a friendlier more liberal form The modern heirs of this friendly fascist tradition include the New York Times the Democratic Party the Ivy League professoriate and the liberals of Hollywood The quintessential Liberal Fascist isn t an SS storm trooper it is a female grade school teacher with an education degree from Brown or Swarthmore These assertions may sound strange to modern ears but that is because we have forgotten what fascism is In this angry funny smart contentious book Jonah Goldberg turns our preconceptions inside out and shows us the true meaning of Liberal Fascism *Rewrite Your Life Story on Your Terms: How to Reinvent Yourself and Create an Unstoppable Future* Silas Mary,2025-02-26 Do you feel stuck in a life story that no longer serves you Rewrite Your Life Story on Your Terms shows you how to break free from old narratives and create a new path that leads to personal empowerment and unstoppable success This book teaches you how to reinvent yourself by changing the story you tell yourself shedding limiting beliefs and adopting a new mindset that aligns with your true potential Through actionable steps this book guides you to rewrite your life story in a way that empowers you to achieve your dreams and create a future that excites you Whether you re looking to reinvent your career transform your relationships or build a new identity this book provides you with the tools to take control of your narrative and design an unstoppable future

Prewriting Your Screenplay Michael Tabb,2018-07-16 Prewriting Your Screenplay cements all the bricks of a story s foundations together and forms a single organic story growing technique starting with a blank slate It shows writers how to design each element so that they perfectly interlock together like pieces of a puzzle creating a stronger story foundation that does not leave gaps and holes for readers to find This construction process is performed one piece at a time one character at a time building and incorporating each element into the whole The book provides a clear cut set of lessons that teaches how to construct that story base around concepts as individual as the writer s personal opinions helping to foster an individual writer s voice It also features end of chapter exercises that offer step by step guidance in applying each lesson providing screenwriters with a concrete approach to building a strong foundation for a screenplay This is the quintessential book for all writers taking their first steps towards developing a screenplay from nothing getting them over that first monumental hump resulting in a well formulated story concept that is cohesive and professional *American Rhapsody* Claudia Roth Pierpont,2016-05-10 Ranging from the shattered gentility of Edith Wharton s heroines to racial confrontation in the songs of Nina Simone American Rhapsody presents a kaleidoscopic story of the creation of a culture Here is a series of deeply

involving portraits of American artists and innovators who have helped to shape the country in the modern age Claudia Roth Pierpont expertly mixes biography and criticism history and reportage to bring these portraits to life and to link them in surprising ways It isn't far from Wharton's brave new women to F Scott Fitzgerald's giddy flappers and on to the big screen command of Katharine Hepburn and the dangerous dames of Dashiell Hammett's hard boiled world The improvisatory jazziness of George Gershwin's Rhapsody in Blue has its counterpart in the great jazz baby of the New York skyline the Chrysler Building Questions of an American acting style are traced from Orson Welles to Marlon Brando while the new American painting emerges in the gallery of Peggy Guggenheim And we trace the arc of racial progress from Bert Williams's blackface performances to James Baldwin's warning of the fire next time however slow and bitter and anguished this progress may be American Rhapsody offers a history of twentieth century American invention and genius It is about the joy and profit of being a heterogeneous people and the immense difficulty of this human experiment **The Cambridge**
