Brief Lives Sigmund Freud:

Brief Lives: Sigmund Freud David Carter, 2011-07-01 Born to Jewish parents in mid 19th century Austria Sigmund Freud is a controversial figure needing no introduction yet his reputation owes as much to myth as to the facts of his life and his work Here David Carter uncovers the man buried beneath the mythology tracing the life of this inimitable figure from his origins as the gifted first born of eight children through his stellar academic career and his relationships and rifts with famous figures such as Josef Breuer Also explored is why despite his groundbreaking work on psychoanalytic theories including the functioning of the subconscious the repression of trauma and the psychological import of dreams Freud has frequently been the subject of derision and ridicule Beneath the Heart of the Sea Owen Chase, 2015-04-01 Discover the amazing true story behind the inspiration for Herman Melville's Moby Dick and the feature film Heart of the Sea A tragic yet riveting narration of life and death and man against the elements this is an extreme account of shipwreck survival On the morning of November 20 1820 in the Pacific Ocean 2 000 miles from the coast of South America an enraged sperm whale rammed the Nantucket whaleship Essex As the boat began to sink her crew of 20 including first mate Owen Chase grabbed what little they could before piling into frail boats and taking to the open seas So began their four month ordeal and struggle for survival This is a bleak story only eight men survived having endured starvation and dehydration giving in to cannibalism murder and insanity Owen Chase recorded the extraordinary account in his autobiography originally published in 1821

How to Win the Nobel Prize in Literature David Carter, 2013-03-28 With humor wit and insight David Carter sets out a number of fail safe rules to follow in order to win the Nobel Prize in literature There are acclaimed writers James Joyce Marcel Proust Tolstoy Mark Twain who never won the Nobel Prize and others less well known such as Henryk Sienkiewicz Paul Heyse and Romain Rolland who did What exactly does one have to do to impress or be snubbed by the Nobel Committee This book is a fascinating survey of the Nobel Prize for literature constructed as a tongue in cheek series of rules Be a man is one of them and Make sure your best work has been translated into Swedish another Presenting biographical information as well as extracts from their work David Carter will try to answer a number of questions about the prize such as What are the outstanding qualities of the winners works Were there any unusual circumstances attending the award and Who else was considered and rejected and why Brief Lives: Marquis de Sade David Carter, 2011-06-01 As explicit in his prose as he was in his private life the Marquis de Sade remains one of the most controversial writers of all time This new biography by the acclaimed translator and author David Carter promises to shock as much as it informs Arrested many times for sexual misdemeanors the Marquis de Sade was imprisoned in the Bastille where he was writing 120 Days of Sodom and The Misfortunes of Virtue at the time that it was stormed in 1789 After the French Revolution he was again imprisoned and sent to an asylum where he wrote diaries and plays This concise biography offers a fresh look at a relentlessly compelling figure with a fascinating life of scandal and imprisonment **On Cocaine** Sigmund Freud, David Carter, 2011-07-01 Finding

cocaine to be an analgesic and a cure for depression Freud hailed it as a miracle drug stressing in particular its apparent lack of side effects Marveling at its ability to cure addictions to morphine he enthusiastically recommended it to all his acquaintances Eventually following several tragic experiences he was forced to recognize the negative effects of the drug This unique selection edited and translated by Freud expert David Carter combines letters papers and dream analyses on cocaine bringing together the contentious thoughts of one of the 20th century's most brilliant minds *More Examples, Less Theory* Michael Billig, 2019-10-03 By examining key psychologists from the past this book shows why examples are so important and theory is over valued **Shakespeare's Lives** Samuel Schoenbaum, 1991 This volume presents a study of the changing images and differing ways that the life of English poet and playwright William Shakespeare 1564-1616 has been interpreted throughout history The author takes readers on a tour of the countless myths and legends which have arisen to explain the great dramatist's life and work bringing the story right up to 1989 He reconstructs as much of the elusive author's life as possible considering his family history his economic standing and his reputation with his peers the Shakespeare who emerges may not always be the familiar one *Love, Drugs, Art, Religion* Brian R. Clack, 2016-05-13 In this original and far reaching contribution to the philosophy of religion Brian R Clack examines the manner in which religious belief emerges from the turbulence and anxiety of human existence Taking his cue from Freud's suggestion that human life is so hard to bear that it requires nothing short of cultural and psychological palliative care Clack explores each of the palliative measures Freud catalogues intoxicants religion art and love and evaluates their role in the mitigation of suffering and the provision of the assistance required for an enduring life This examination provides the context for an investigation into the meaning and function of religious belief when considered as a palliative Clack initially subjects religion to ferocious critique defending the psychoanalytic judgment that religious beliefs operate as wish fulfilling illusions but then elaborates a revised understanding of religion one in which comforting illusions are banished and in which religious belief faces up to reality and reconciles us both to the pains and disappointments of existence and to our nullity and inevitable annihilation in this genuinely interdisciplinary work Clack breaks new ground by using detailed explorations of the phenomena of drug use romantic love and the enjoyment of art in order to throw light on the meaning and nature of religion This book will be vital reading for anyone concerned with the fundamental questions of religious belief the psychoanalytic approach to culture or simply the unavoidable existential problems lying at the very heart of human life **Unpacking My Library** Leah Price, 2006-03-31 As words and stories are increasingly disseminated through digital means the significance of the book as object whether pristine collectible or battered relic is growing as well Unpacking My Library Writers and Their Books spotlights the personal libraries of thirteen favorite novelists who share their collections with readers Stunning photographs provide full views of the libraries and close ups of individual volumes first editions worn textbooks pristine hardcovers and childhood companions In her introduction Leah Price muses on the history and future of the bookshelf asking what books can tell us about their

owners and what readers can tell us about their collections Supplementing the photographs are Price's interviews with each author which probe the relation of writing to reading collecting and arranging books Each writer provides a list of top ten favorite titles offering unique personal histories along with suggestions for every bibliophile Unpacking My Library Writers and Their Books features the personal libraries of Alison Bechdel Stephen Carter Junot Diaz Rebecca Goldstein and Steven Pinker Lev Grossman and Sophie Gee Jonathan Lethem Claire Messud and James Wood Philip Pullman Gary Shteyngart and Edmund White

Desperate Games Pierre Boulle, David Carter, 2015-01-01 Long before Battle Royale or The Hunger Games the author of The Planet of the Apes imagined a world governed by science and brutality gone mad in this long neglected dystopian sci fi classic now in a new translation Despairing at the state of world degeneration a group of the world's most renowned intellectuals form the new Scientific World Government aiming to put the world to rights Elected into power they quickly start making changes for the better eliminating world hunger and cancer encouraging scientific thought and banning frivolous entertainment But while congratulating themselves on a job well done they fail to notice that actually people are not happy The suicide rate has sky rocketed and strangely it turns out the public wants a little risk and conflict in their lives So to cater to the masses the Department of Psychology forms a plan they will stage an entertainment show the likes of which the world has never seen before It starts with gladiatorial style battles bloodthirsty and brutal where the victors become celebrities of unseen proportions and quickly escalates into entire historical battle re enactments involving chemical warfare and mass destruction The Scientific World Government has unleashed a monster What has the world let itself in for
